

Reporting DVR Plan Hours

eJAS Codes

We work with DVR to incorporate a parent's DVR Plan into her or his IRP. When verifying and reporting hours of participation in a parent's IRP:

- Use the eJAS code that best describes the activity.
- Enter the start and end date of each IRP activity into eJAS, not to exceed 12 months.
- Require participation verification from whoever provides the activity.

Using the XD Code

Use the XD (in a DVR Plan) eJAS component code, which is a fully countable core activity, for the following activities:

- Time spent with the DVR counselor in assessment, diagnostic or evaluation activities, including developing the DVR plan and monitoring progress.
- Time spent in DVR-related rehabilitation activities (such as physical therapy). (XM could also be used, but the hours would not count towards participation.)
- As desired, to indicate the parent has a DVR plan. (When used only as a plan indicator, report out zero hours of DVR participation each month).

Verifying and Reporting Hours

The method used to report hours of participation will depend on who is providing the activity. Providers who do not have eJAS or CATS access will use the WorkFirst Participation Verification form.

- **WorkFirst Partners/Contractors:** Monitors participation and enters verified hours into eJAS or CATS after the end of each month.
- **DVR, Medical Professionals and Community Partners:** Monitors participation and sends the WorkFirst Participation Verification form to DSHS at the end of each month. The WFPS or WFSW enter the actual hours into eJAS.
