

EXIT EXAM – Family Preservation Service – Child and Family Safety

Name _____

Date _____

1. Safety is the highest priority in working with families.
TRUE FALSE

2. In addition to this training related to safety, all FPS therapists and paraprofessionals must view the Mandated Reporting video.
TRUE FALSE

3. Child abuse or neglect is defined as the injury, sexual abuse, sexual exploitation, negligent treatment, or maltreatment of a child by any person under circumstances which indicate that the child's health, welfare, and safety are harmed.
TRUE FALSE

4. The following people are considered by law to be mandated reporters of child abuse and neglect: (Choose all that apply.)
 - A. Neighbors
 - B. Extended family members
 - C. Health care providers
 - D. Service/treatment providers , including paraprofessionals
 - E. Corrections employees
 - F. Any adult who believes a child in their home has suffered abuse
 - G. Teachers

5. How long does a mandated reporter have to report suspected abuse? (Choose one.)
 - A. 4 hours
 - B. 24 hours
 - C. 48 hours
 - D. 72 hours
 - E. 1 week

6. Since families receiving FPS already have open cases with the Children's Administration, it is sufficient to report any suspicions of abuse to the assigned social worker.
TRUE FALSE

7. Risk is defined as: (Choose all that apply.)
 - A. The possibility of suffering harm or loss
 - B. Threats to a child's health or well-being
 - C. What an FPS intervention seeks to manage, reduce, or eliminate
 - D. The likelihood of future child abuse or neglect
 - E. What an FPS intervention seeks to promote, enhance, or increase

8. Safety is defined as: (Choose all that apply.)
- A. The likelihood of future child abuse or neglect
 - B. Threats to a child's health or well-being
 - C. Current conditions that may harm or endanger a child
 - D. What an FPS intervention seeks to manage, reduce, or eliminate
 - E. What an FPS intervention seeks to promote, enhance, or increase
9. If a Safety Plan has been developed by the social worker, it should be provided to the FPS therapist attached to the referral form.
- TRUE FALSE
10. If no Safety Plan is provided by the social worker, the FPS therapist will wait for one to be developed.
- TRUE FALSE
11. The FPS therapist will review the CA Safety Plan with the family at the first face to face meeting and at least every two weeks thereafter, for the life of the intervention.
- TRUE FALSE
12. A good safety plan addresses: (Choose all that apply.)
- A. Any safety concerns that present a potential harm to the child.
 - B. What needs to happen to reduce/eliminate any safety concerns.
 - C. Who is responsible for each action to ensure safety.
 - D. Things that a parent should not do that may present harm to a child.
 - E. What resources are available to reduce or eliminate any safety concerns.
 - F. Agreements by designated parties to be responsible for specific safety actions.
 - G. Proactive measures to ensure child safety.
13. If the FPS therapist discovers a situation in the family that presents a threat of harm to a child, s/he should take the following actions: (Choose all that apply.)
- A. Make an immediate referral to CPS intake.
 - B. If an emergency, call 911.
 - C. Contact the assigned social worker.
 - D. Take the child and leave the home.
 - E. Try to de-escalate the situation.
14. The FPS therapist has the following responsibilities in enhancing child safety: (choose all that apply.)
- A. Follow up on all safety concerns indicated in the FPS referral.
 - B. Ensure that the family stays in compliance with the CA Safety Plan.
 - C. Use information developed through the NCFAS to address safety issues in the service plan.
 - D. Be vigilant in looking for signs and signals that children may be in harm's way.

- E. Teach families new skills that will enhance their abilities to keep their children safe.
- F. Comply with the mandated reporting laws.
- G. Connect families to community resources that may enhance their abilities to keep their children safe.

15. The FPS therapist should develop a Safety Plan in the following situations:
(Choose all that apply.)

- A. In cases where CA has not developed a Safety Plan.
- B. In cases where additional safety issues are identified by the therapist.
- C. In cases where adjustments in the CA Safety Plan will make expectations for the family clearer, more proactive, or more specific.
- D. To replace the CA Safety Plan whenever the therapist doesn't like it.
