GUIDE

JULY 2007

Issued JULY 2007

**DIVISION OF ALCOHOL AND SUBSTANCE ABUSE
COUNTY IMPLEMENTATION GUIDE
JULY 2007**

INTRODUCTION

This update of the **DASA COUNTY IMPLEMENTATION GUIDE (DCIG)** is for the use of those who work with state/county contracts for substance abuse prevention and treatment services.

The guide contains all of the relevant resources and detailed information needed to implement the Program Agreement between the County and DASA and is intended as a comprehensive source of technical information directly related to it. Some of the material in the DCIG was formerly found in the County Program Agreement, but was moved to the DCIG to simplify and reduce the size of the Program Agreement. The County Program Agreement makes reference to the DCIG for detailed information, which then becomes binding under the contract between the County and DASA.

As future policies or procedures are developed which relate directly to the DASA/County substance abuse Program Agreement, they will be published with the recommendation that a copy be placed in the relevant chapter of the DCIG.

This DCIG has been a combined and cooperative effort between DASA and county staff.

Doug Allen, Director
Division of Alcohol and Substance Abuse
