

DIRECTORY OF OXFORD HOUSES IN WASHINGTON STATE

(Updated October 7, 2009)

What is an Oxford House?

Oxford Houses are an affordable, clean, and sober housing option for individuals in recovery. The houses are independent, peer run, and residence is voluntary. Houses are located in rented single-family homes. As of September 01, 2009 there are 209 houses in Washington with locations in 20 counties with 1,732 Oxford House beds in the state. Oxford House Inc. can charter Oxford Houses if they agree to follow standardized procedures.

Individuals typically enter an Oxford House after completing a drug and alcohol treatment program. Individuals living in a house are expected to participate in a recovery program in the community during their residence. Individuals can live in an Oxford House for as long as they want, provided they follow house rules.

What Are the Basic House Rules for Residents?

- Houses operate democratically, electing house officers who serve six-month terms.
- Houses are financially self-supporting; members split house expenses, which average \$275 to \$450 per person per month.
- Any resident who relapses must be immediately expelled.

Who is Eligible To Be a Resident of an Oxford House?

It is suggested but not required that individuals have completed a treatment program and be drug and alcohol-free for ten days or more (longer is preferred) at the time of application. They must also be willing to accept the house rules and expectations, and be able to pay their equal share of household expenses

How Does Someone Apply to Be a Resident?

If an individual is interested in living in an Oxford House, they can apply directly to the house of their choice. If there are vacancies, an interview will be scheduled. The interview with an applicant involves all members of a house. Eighty percent of the house members must vote to accept the applicant as a roommate.

What Role Do Chemical Dependency Counselors Have?

Chemical dependency counselors are the primary source of referrals to Oxford Houses in WA and therefore have a role in pre-screening potential residents. Getting a workable match between the individual and the Oxford House is important, as residents who are disruptive and not serious about recovery can cause serious problems for a house. Counselors can be a big help, if they take the time to pre-screen potential referrals. Counselors are offered the following criteria for use:

- Is the individual willing and able to live in a shared housing arrangement?
- Has the individual shown reasonable behavior in an in-patient setting?
- Has the individual thought about her/his own recovery and is she/he committed to recovery?
- Does the individual have a recovery plan when she/he finishes treatment?
- Suggest that your client think about Oxford House as a living situation for a few days before completing an application. Applicants should consider if Oxford House is a fit for them. Applications are often available at treatment agencies. They can also be obtained by calling an Oxford House directly. The Alcohol/Drug 24-Hour Help Line maintains a directory of Oxford Houses. Call 1-800-562-1240 (from within Washington State) or (206) 722-3700 (if calling from out-of-state or from Seattle).
