Agency Submittal: 11-2017-19-YR Agency Req

Budget Period: 2017-19

Program(s) 010 020 030 040 050 060 070 100 110 135

**SUMMARY**

The Department of Social and Health Services (DSHS) requests technical corrections in the 2017-19 Biennial Budget for the Children’s Administration (CA), Rehabilitation Administration (RA), Behavioral Health Administration (BHA) – Mental Health Division (MHD), Developmental Disabilities Administration (DDA), Aging and Long-Term Support Administration (AL TSA), Economic Services Administration (ESA), BHA – Alcohol and Substance Abuse (ASA), Division of Vocational Rehabilitation (DVR), Administration and Supporting Services (Admin), and Special Commitment Center (SCC). The request results in a reduction of (\$1,000,000) in Total Funds, with an increase in GF-State of \$820,000.

**PROBLEM STATEMENT**

DSHS requests the following Technical Corrections for the 2017-19 Biennial Budget:

**1) Workers’ Compensation Adjustment** – (Programs 010, 020, 030, 040, 050, 060, 070, 100, 110, and 135):

A reduction in funding for Workers' Compensation was included in the 2016 Supplemental budget. The reduction was distributed based on Workers' Compensation expenditures by program. Using risk class costs and headcounts by program the reduction is redistributed to reflect anticipated changes in Workers' Compensation costs. The adjustment between programs is based on the state / federal percentages for each program. The result is a net zero impact in total dollars. However, there is an \$820,000 increase in GF-State and a (\$820,000) reduction in GF-Federal for the biennium.

**2) Juvenile Rehabilitation Administration (JR) Basic Training Camp FTEs only** – (Program 020):

When the Basic Training Camp was closed, the contract dollars for the 15 beds was initially placed in Budget Unit G48 – Resident Census above Rated Capacity. Since these were contract dollars, there were no FTEs associated with the dollars. In the 2016 Supplemental Budget Workload step, JR incurred a bed reduction. Part of the reduction that was taken was 15 beds from Budget Unit G48 related to the closure of the Basic Training Camp. This reduction was treated like any other bed addition or reduction and 6.8 FTEs were eliminated in each fiscal year. Since there were no FTEs tied to the contract dollars, there should not have been a reduction in FTEs in the workload step. JR requests the reinstatement of 6.8 FTEs in each fiscal year.

**3) Children’s Administration (CA) Correcting FTE Authority – FTEs only** – (Program 010):

In State Fiscal Year 2015, CA ended a longstanding contract with CGI for the support of the FamLink case management system. With the funding that was previously used for the CGI contract, CA increased its staffing levels but lacks sufficient FTE authority to accommodate these new hires. CA is requesting 50.0 FTEs for each fiscal year.

**4) Carry Forward Level (CFL) Adjustment** – (Programs 040, 050, and 060):

Adjustments to CFL as follows:

- a) The CFL steps did not result in equal amounts in FTEs and funding by fiscal year for the DDA and AL TSA programs. This requests moves FTEs and funding as needed between fiscal years so that end result is equal

**DSHS VISION**  
 People are healthy • People are safe • People are supported • Taxpayer resources are guarded

**DSHS MISSION**  
 To transform lives

**DSHS VALUES**  
 Honesty and Integrity • Pursuit of Excellence • Open Communication • Diversity and Inclusion • Commitment to Service

**000 - M2 - WM - Technical Corrections**

amounts in each fiscal year.

- b) The AL TSA CFL includes funding in Fund 12E-6 – Assisted Living Facility Temporary Management Account – Non-Appropriated (\$500,000) and 274-6 – Adult Family Home Account – Non-Appropriated (\$500,000). These fund sources should have been removed at CFL and were not. This request eliminates these funds from the AL TSA budget.

Item a and does not request an increase or decrease in the program’s expenditure authority, rather a shift of funds between years. Item b does reduce the AL TSA budget by \$1,000,000 in the second year of the 2017-19 Biennium.

**5) Developmental Disability Administration (DDA) Preadmission Screening and Resident Review (PASRR)**

**Transfer – (Program 040):**

DDA requests the transfer of \$142,000 (\$85,000 GF-State) and the PASRR provision in the budget bill from Category 2000 to Category 1000. \$1,095,000 for specialized services was initially placed in Category 2000 in error. The 2016 Supplemental budget included a partial fix that unintentionally left \$142,000 (\$85,000 GF-State) in Category 2000. Also, the Proviso language in the budget bill concerning PASRR should be moved to Category 1000 from Category 2000. The end result is a net zero total for DDA.

**6) Fund Source Switch – (Program 030):**

Transfer of funding for the MHD between General Fund – Federal (001-2) and General Fund – Medicaid (001-C). The type of federal funds listed in the Federal Funds Technical Correction (1W), the General Wage Increase (GL9), and the Pension & DRS Rate Change (9D) steps was incorrect. This request will correct the federal funding type and is a net zero total for MHD.

These technical corrections will bring the funding into line with anticipated expenditures throughout the agency.

**PROPOSED SOLUTION**

Funding these technical corrections is needed to fully implement the 2017-19 Biennial Budget as approved by the Legislature and Governor.

**EXPECTED RESULTS**

DSHS accounts for wise use and transparency in accounting for public dollars. This adjustment will increase public trust through strong management practices that ensure quality and leverage all resources.

**NOTES:**

- 1 A reduction in funding for Workers' Compensation was included in the 2016 Supplemental budget. The reduction was distributed based on Workers' Compensation expenditures by program. Using risk class costs and headcounts by program the reduction is redistributed to reflect anticipated changes in Workers' Compensation costs.
- 2 Reinstate FTEs in the Juvenile Rehabilitation Administration (JRA) for the Basic Training Camp that were incorrectly removed as part of the Workload step.
- 3 In SFY 2015, Children's Administration (CA) ended a longstanding contract with CGI for support of our FamLink case management system. With the funding previously used for that contract, CA has increased its staffing levels but lacks sufficient FTE authority to accommodate these hires.
- 4 To adjust funding between fiscal years for the Development Disability Administration (DDA), Aging & Long-Term Support Administration (ALTSA) and a reduction of funding for ALTSA in 12E-6 and 274-6 funding that should have been correct at CFL.
- 5 To transfer funding for the Preadmission Screening and Resident Review program between categories within DDA.
