

**Developmental Disabilities Administration
040 - M2 - 8U - UTILITY RATE ADJUSTMENTS**

Agency Submittal: 11-2017-19-YR Agency Req

Budget Period: 2017-19

SUMMARY

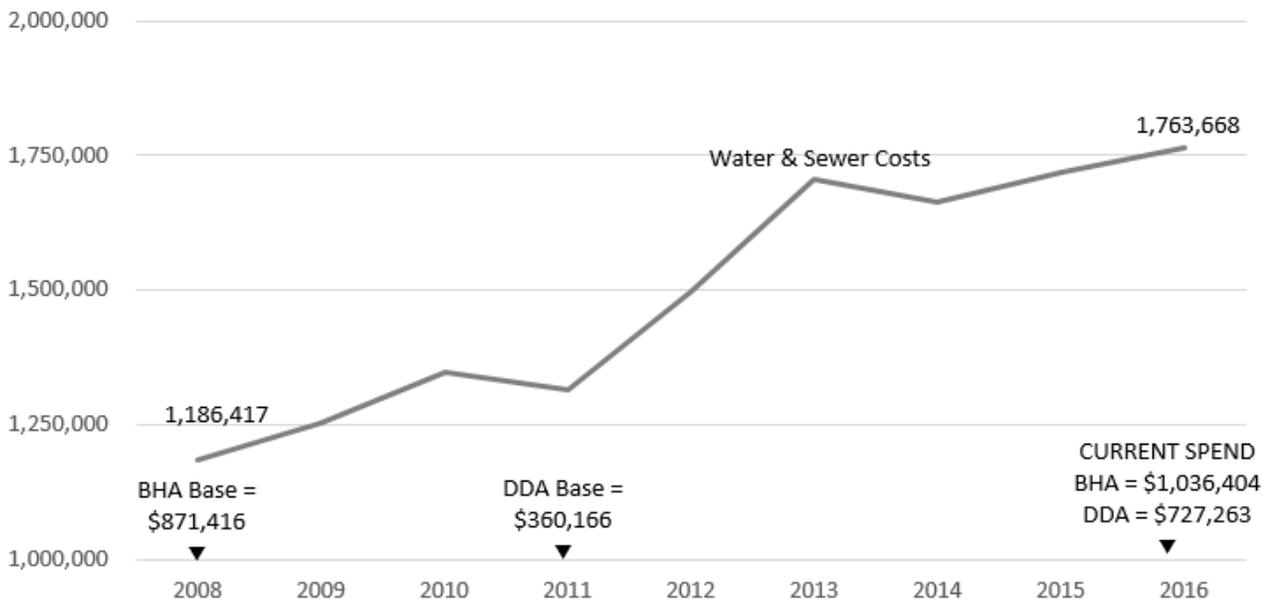

Water, sewer, garbage, and waste disposal costs reached record highs in Fiscal Year 2016 at some Developmental Disabilities Administration (DDA) facilities. The Legislature last funded these costs in Fiscal Years 2011 for DDA. Since then, annual costs have increased by 36 percent. DDA requests \$658,000 Total Funds (\$330,000 GF-State) is appropriated to the DDA.

PROBLEM STATEMENT

Water, sewer, garbage, and waste disposal costs reached record highs in FY 2016 at some DDA facilities. The legislature last funded these costs in FY 2011 for DDA. Since then, annual costs have increased by 36 percent.

The Residential Habilitation Centers (RHCs) and state hospitals are 24/7 operations that serve and provide for the well-being of some our most vulnerable, mainly those with developmental disabilities and/or mental health conditions. Large unfunded expenditures like these for essential needs that provide safe drinking water and a sanitary living environment for some of Washington’s most vulnerable add to the pressure of meeting our balanced budget obligations.

DDA and BHA Facilities Need \$429,000 for Water and Sewer Cost Increases

DSHS VISION
People are healthy • People are safe • People are supported • Taxpayer resources are guarded

DSHS MISSION
To transform lives

DSHS VALUES
Honesty and Integrity • Pursuit of Excellence • Open Communication • Diversity and Inclusion • Commitment to Service

040 - M2 - 8U - Utility Rate Adjustments

PROPOSED SOLUTION

Provide DDA with \$658,000 (\$330,000 GF-State) for recent cost increases for water, sewer, garbage, and waste disposal at the RHCs. DSHS must continue providing safe drinking water and a sanitary living environment for our clients residing at state facilities, which include some of Washington's most vulnerable, while maintaining our balanced budget obligations.

EXPECTED RESULTS

DSHS will be fully funded to cover costs of providing safe drinking water and a sanitary living environment for clients residing at RHCs or state hospitals. No other alternatives are available to address this issue. Not funding this request will apply additional stress on our ability in meeting our balanced budget obligations.

STAKEHOLDER IMPACT

This proposal is routine in nature and expected to have support from stakeholders with no known opposition.

Agency Contact: Bryan Way (360) 902-7769

OTHER CONNECTIONS

Performance Outcomes/Important Connections

- 1. Does this DP provide essential support to one or more of the Governor's Results Washington priorities?**
Goal 4: Healthy & Safe Communities - Healthy People - Provide access to good medical care to improve people's lives.
- 2. The decision package meets the following DSHS' strategic objectives:**
 - 1.1: Identify individual health and welfare needs in a timely manner in order to support individuals to have healthy and active lives.
 - 1.1: Identify individual health and welfare needs in a timely manner in order to support individuals to have healthy and active lives.
- 3. Identify other important connections or impacts below.** (Indicate 'Yes' or 'No'. If 'Yes' identify the connections or impacts related to the proposal.)
 - a) Regional/County impacts? This request is geographic in nature due to where the RHCs and state hospitals are located. No other regional or county impacts were identified.
 - b) Other local government impacts? No other local government impacts were identified.
 - c) Tribal government impacts? No tribal government impacts were identified.
 - d) Other state agency impacts? No other state agency impacts were identified.
 - e) Responds to specific task force, report, mandate or executive order? No

040 - M2 - 8U - Utility Rate Adjustments

- f) Does request contain a compensation change or require changes to a Collective Bargaining Agreement? No
- g) Facility/workplace needs or impacts? Yes, this request provides additional funding to the RHCs and state hospitals to cover existing unfunded costs for water, sewer, garbage, and waste disposal.
- h) Capital budget impacts? No
- i) Is change required to existing statutes, rules or contracts? No
- j) Is the request related to litigation? No
- k) Is the request related to Puget Sound recovery? No
- l) Other important connections? This request ensures that DDA and BHA facilities would be funded for costs that have recently reached record highs. Large unfunded expenditures like these for essential needs that provide safe drinking water and a sanitary living environment for some of Washington's most vulnerable add to the pressure of meeting our balanced budget obligations.

4. Please provide a detailed discussion of connections/impacts identified above.

Alternatives/Consequences/Other

5. What alternatives were explored by the agency, and why was this alternative chosen?

No alternatives were explored by the agency. The agency has no choice other than to pay the higher costs to ensure there is no disruption to our client's living environment.

6. How has or can the agency address the issue or need within its current appropriation level?

The agency is unable to address this issue within its appropriation as we must provide our residents with safe drinking water and a sanitary living environment.

7. Does this decision package include funding for any IT-related costs (hardware, software, services, cloud-based services, contracts or IT staff)?

- No
- Yes (Include an IT Addendum)
