Eligibility

A person must first be found eligible to be a client of the Developmental Disabilities Community Services before an assessment can be done to determine if they are eligible for the service requested

To be found eligible as a client of DDCS, a person must:

- Be a Washington state resident;
- Have evidence of a qualifying developmental disability that began before age 18.
- Have evidence of substantial limitations.

The Revised Code of Washington 71A.10.020(6) defines a developmental disability.

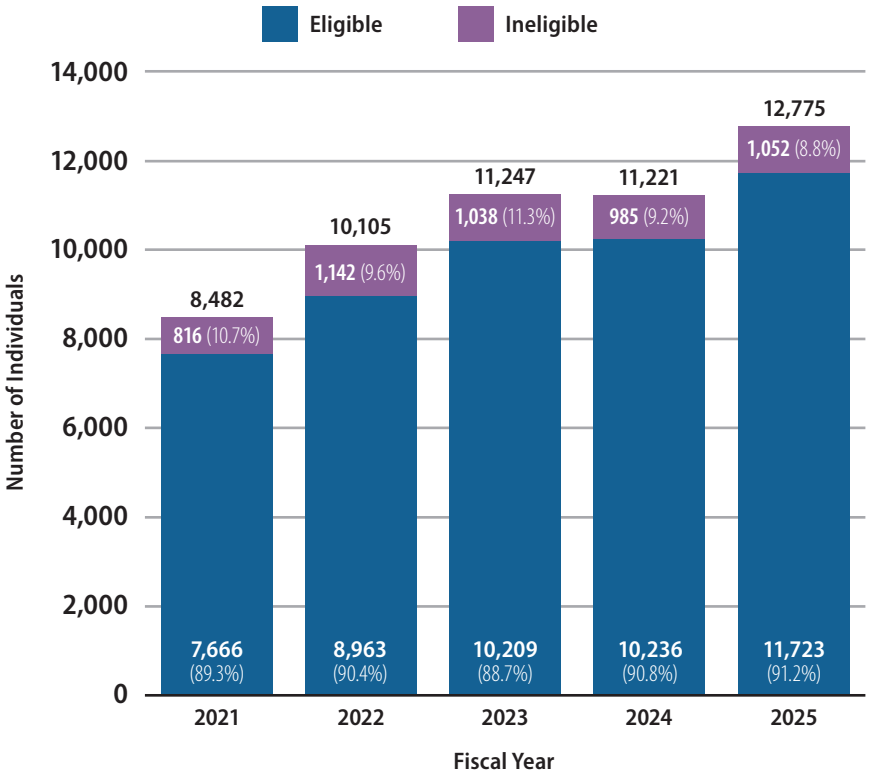
Eligibility starts with completing an application packet.

A person can request a packet be mailed to them by filling out an online form.

Digital applications can be downloaded and sent via email as well.

Initial Eligibility Determinations

DATA SOURCE: CARE, Fiscal Year



ELIGIBILITY INSIGHT

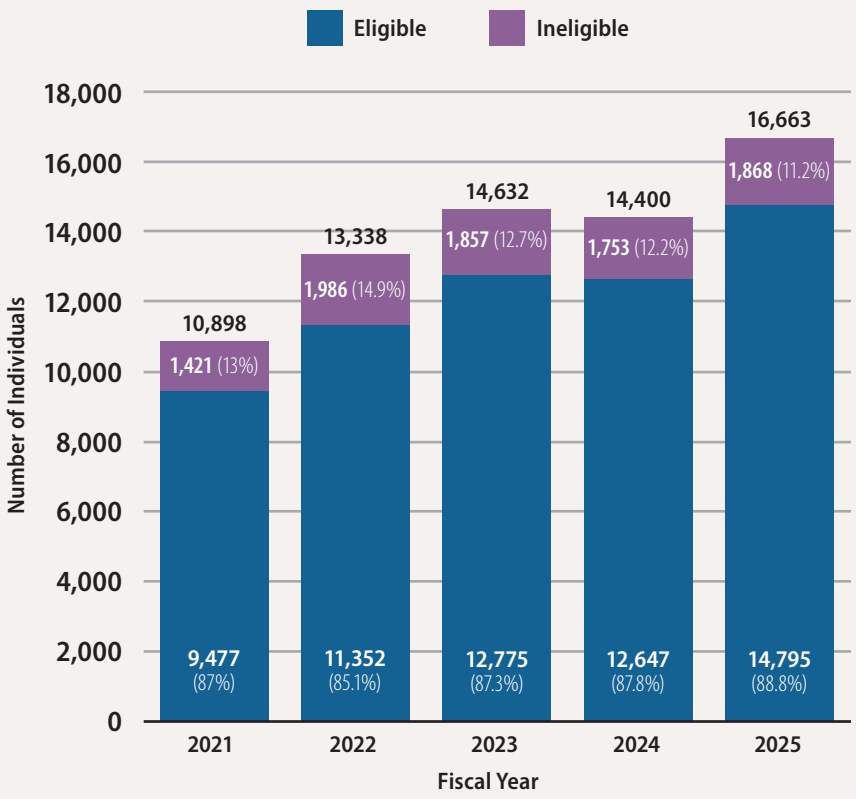
DDCS makes determinations of whether people are eligible to be clients when:

- They first apply (initial)
- They reapply
- It is time for a review

The number of initial eligibility applications increased by 13.8% from Fiscal Year 2024 to Fiscal Year 2025.

Total Eligibility Determinations

DATA SOURCE: CARE, Fiscal Year



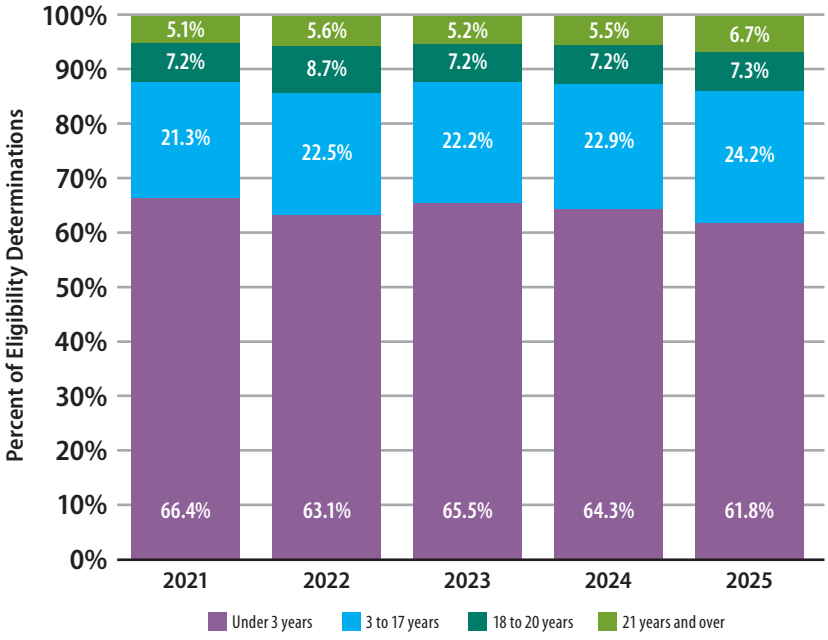
Includes all Initial, Review, and Re-applications determined eligible or ineligible.

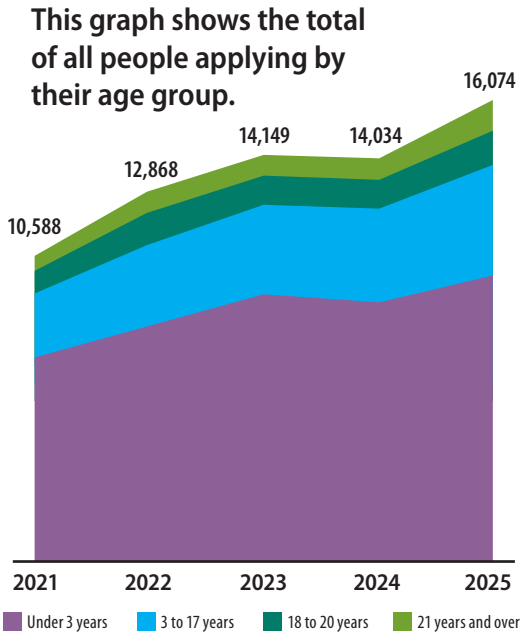
The number of people applying increased by 15.7% from Fiscal Year 2024 to Fiscal Year 2025.

An average of 89% of people who applied were determined to be eligible and 11% were determined to be ineligible.

Total Eligibility Determinations – Age Group

This graph shows the total of all people applying by their age group. Eligibility determinations decreased for the 0≤3 age group and increased for all other age groups over the previous year.





DATA SOURCE: CARE, Fiscal Year

Percent of Eligibility Determinations – Gender

Includes all Initial, Review, and Re-applications determined eligible or ineligible. Eligible applications on average have been 64.1% males and 35.5% females since 2020.
Note: Gender is not required to be reported. Eligibility determinations other than male or female were 0.4% of applications

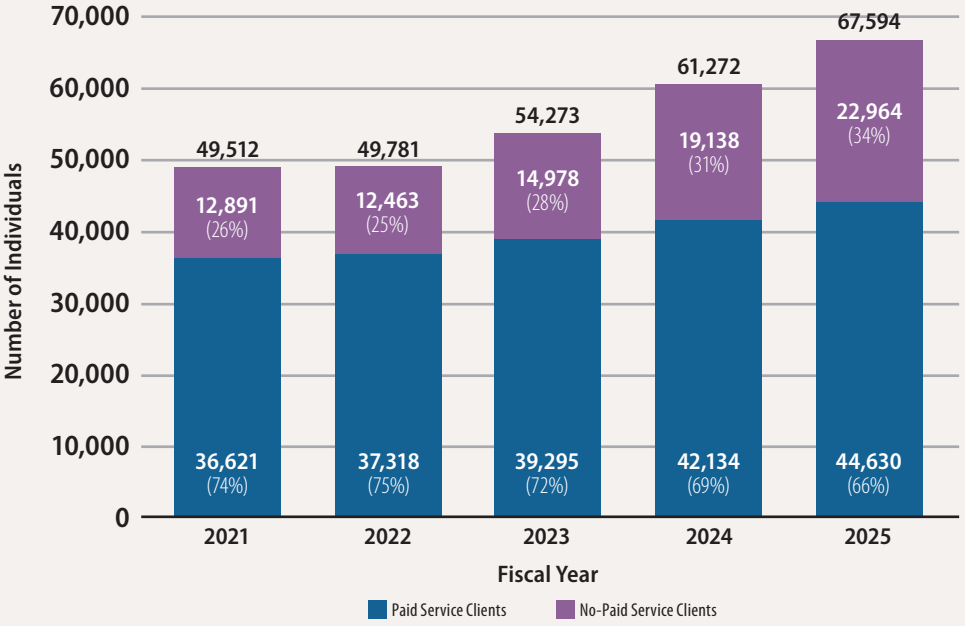
Eligible Caseload Type: Paid and No-Paid Services

DATA SOURCE: CARE, Fiscal Year

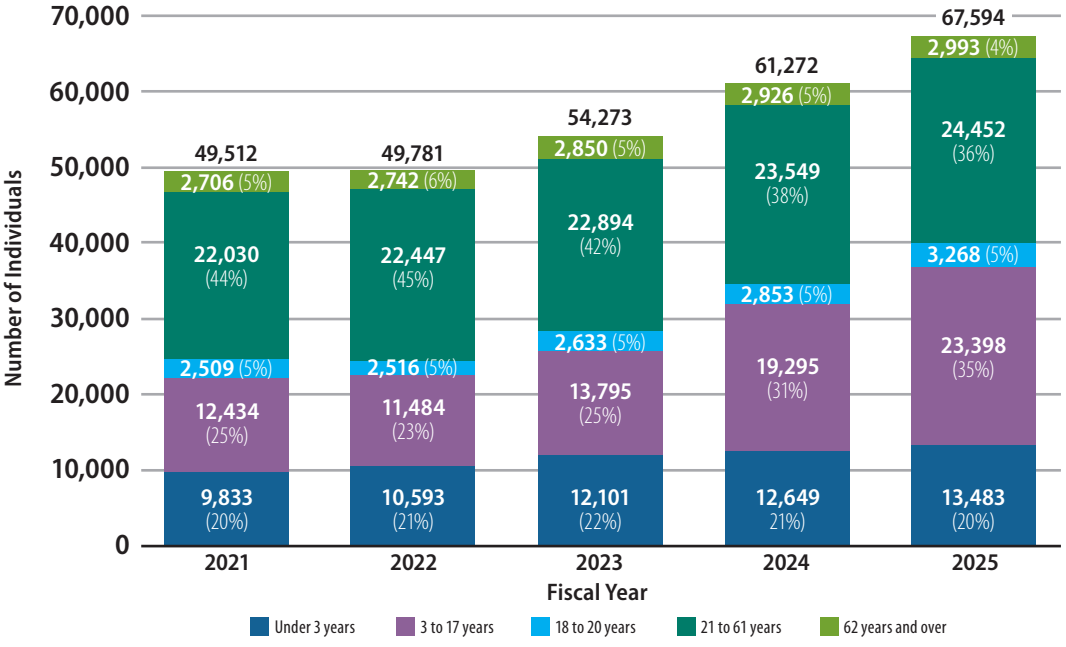


DDCS's caseload is divided into two groups, "Paid" and "No-Paid." Clients approved to receive a paid service are assigned to a case manager on the paid services caseload and those who are not currently eligible to receive a paid service are assigned to the no-paid services caseload.

Starting FY 2026, we will review and update all caseload queries used for count reporting. This change is necessary to make the reporting structure more compelling and better suited to evolving demands.

Eligible Caseload – Age Group

DATA SOURCE: CARE, Point in time July 2025



The 5-year average annual growth rate of the DDCS caseload is 6.6%.

The AAGR by age group is:

Under 3 years = 6.3%
3 to 17 years = 13.7%
18 to 20 years = 5.7%
21 to 61 years = 2.9%
62 years and older = 3.2%

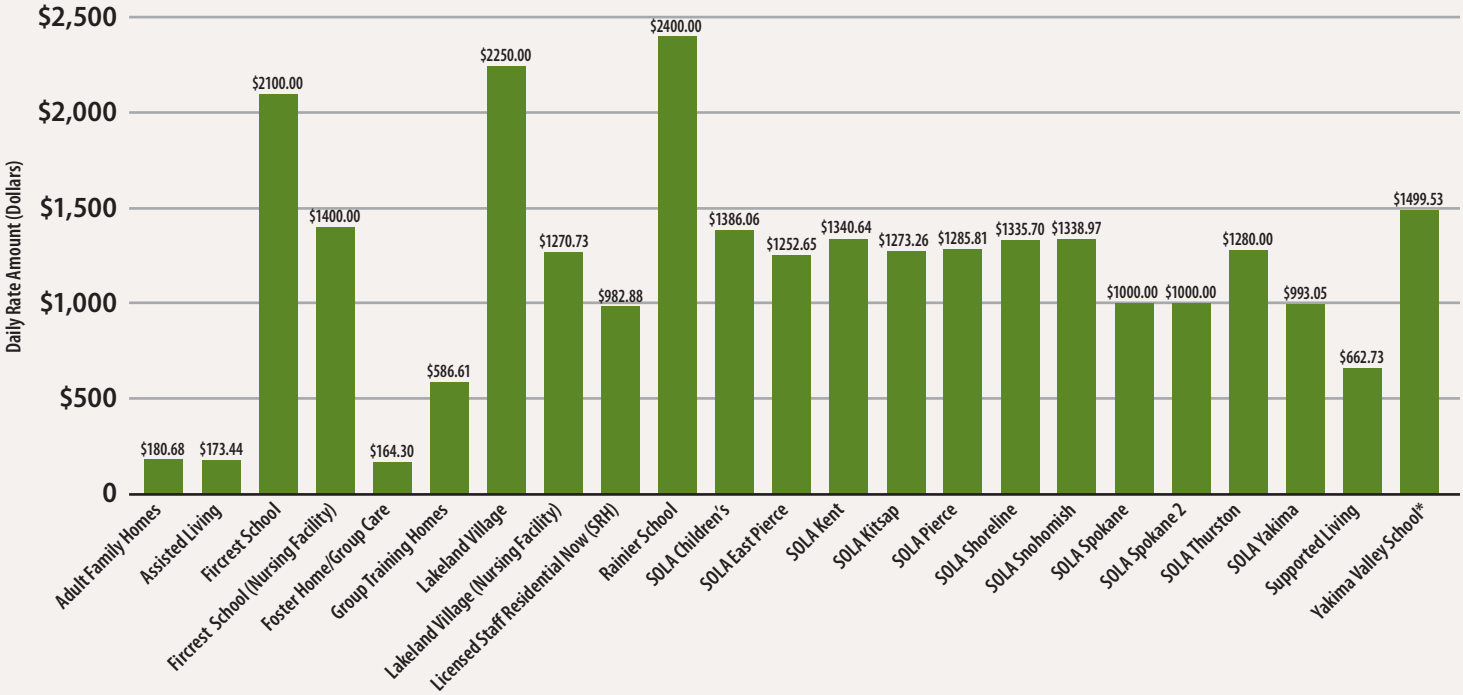
Average Daily Rate by Residential Setting

DATA SOURCE: Office of Rates Management, Fiscal Year 2025

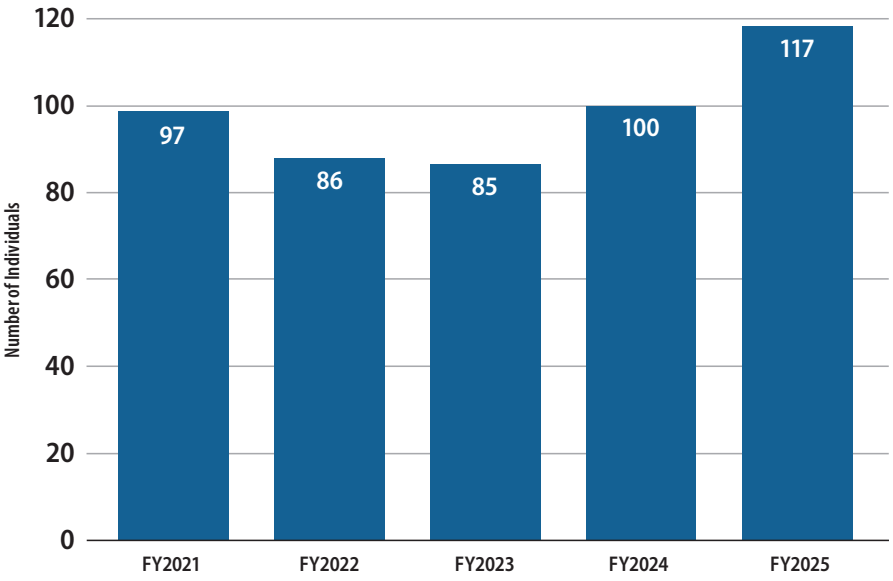


Data Assumptions: Community Residential, SOLA and RHCs programs- Rate and Census information are based on fiscal year end estimates. AFH and ALF average daily rate represents total authorized rate for base services and may include ETRs. AFH numbers do not include AFH PDN authorizations.

Note: Dollars reflect total funds.

Children's Out-of-Home Residential Services

DATA SOURCE: CARE, Point in time July 2025



DDCS offers an array of services to a child residing in a licensed setting outside of the family home.

Based upon the child's disability, parents or guardians may request out-of-home placement.

Parents retain custody of their child and work in partnership with a licensed provider in a shared parenting model.

Most clients who are approved for DDCS Out-of-home services for children receive these services in a licensed staffed residential program. Other settings include State Operated Living Alternatives and child foster homes.

Note: Out-of-Home Services was previously called Voluntary Placement Services.

Residential Habilitation Centers (RHCs) Budget and Census

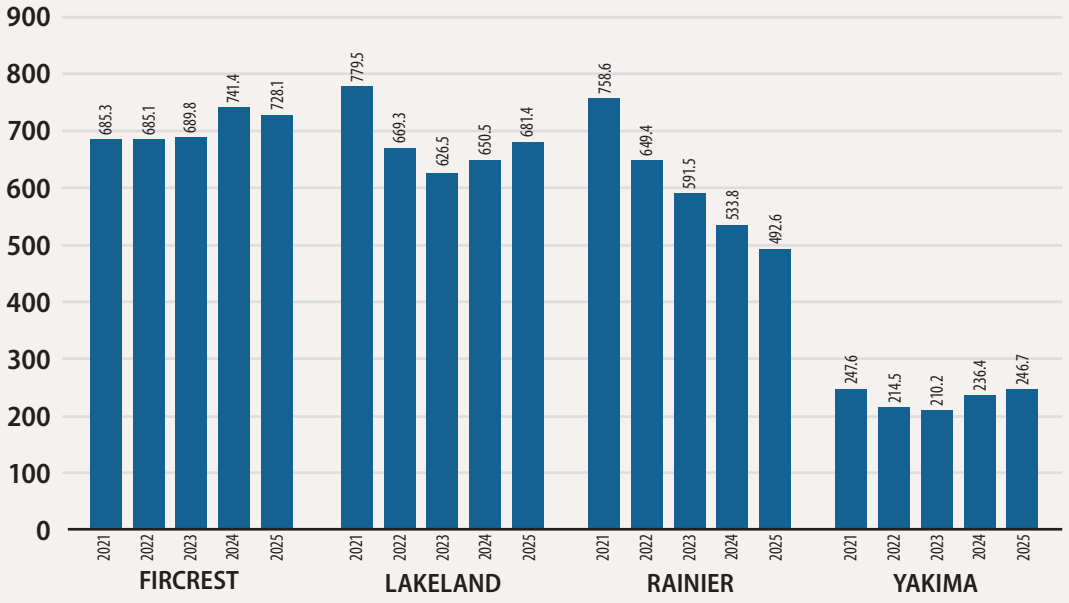
Residential Habilitation Center FTEs*

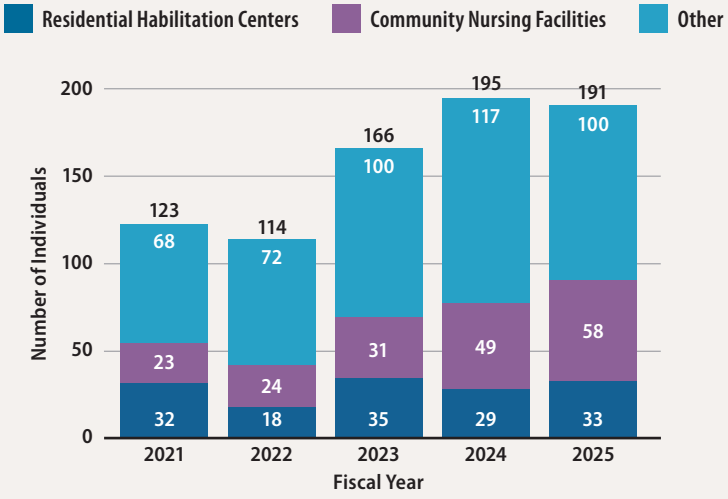
DATA SOURCE: DDCS Budget Office, Fiscal Year

* An FTE of 1.0 is equivalent to a full-time worker.
Note: Expended FTEs include amounts associated with Consolidated Maintenance Operations and Consolidated Service and Support.



Roads to Community Living (RCL) Moves

DATA SOURCE: CARE, Fiscal Year

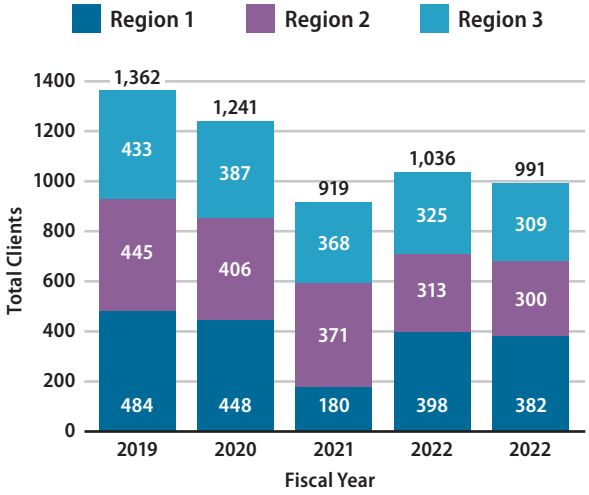


The RCL grant funded through the Centers for Medicare and Medicaid Services provides an enhanced federal matching rate of 75%. The enhanced rate is available during the first 12 months after a person moves out of an institution to a qualified community setting.

RCL offers additional services to support a successful transition to community services. Additional RCL services include person-centered planning, assistive technology, training for families and staff, and environmental modifications.

State Supplementary Payments in Lieu of the IFS Waiver

DATA SOURCE: CARE, Fiscal Year



Supplemental Security Income - State supplemental payments is a monthly cash disbursement offered by the states to low-income people to supplement one's federal unearned income.

In fiscal year 2025, 991 people received state supplementary payments in lieu of the Individual and Family Services waiver. Payments are based on assessed need and range from $100 to $300 a month.

The 2016 Legislature created and funded the Enhanced Case Management Program for clients who may be at high risk for abuse or neglect. These specialized caseloads are 1:33 client to case manager ratio and the case manager visits the client at least once every four months to:

- Ensure quality of care and health and safety needs are met.
- Assist the client, family, and providers with access to available resources.
- Promote community integration through paid and non-supports.
- Promote a person-centered, holistic approach to services.
