Comments

[1] Documentation on log not required, but provider is required to identify each resident's level of evacuation on preliminary service plan and negotiated care plan. WAC 388-76-10870.

[2] Documentation on log not required, but provider must ensure all fire extinguishers are inspected and serviced annually, and all smoke alarms are maintained and in working condition. WAC 388-76-10805 and 388-76-10810.

This form is provided for your convenience. WAC 388-76-10900 requires homes to document evacuation drills. Use of this form is optional.
