75 Hour Training and Home Care Aide Certification

The following short presentation will help you understand:

• New terms you need to know.
• What classes make up the 75 hours of training.
• Who must take and who is exempt from 75 hours of training and home care aide certification.
• Other training that may be required.
• Tools to understand the steps needed to complete training and home care aide certification.
Terms to Know...

**Long term care (LTC) worker**: A worker paid to provide direct, hands on personal care in a setting licensed by, or contracted by the state. LTC workers include:
- Individual Providers paid to provide care to DSHS clients
- People working in adult family homes, assisted living facilities, home care agencies, and supported living settings.

**Certified Home Care Aide (HCA)**: A new professional credential required of newly hired LTC workers who do not have another professional credential or meet specific exemptions.

**Non-Credentialed LTC worker**: A LTC worker who does NOT currently have a professional credential or certification such as a RN, LPN or CNA.

**Limited English Proficiency**: The ability to read, write, or speak English is limited.
Terms to Know...

75 hour training: Training hours required to take the home care aide certification exam. The following classes make up the 75 hours.

Orientation training: 2 hours of introductory information orienting new workers to the care setting and job.

Safety training: 3 hours of introductory information on safety practices.

70 hour basic training: 70 hours of training devoted to basic training. These 70 hours must include:

- Core basic training – Training covering the basic skills and information needed to provide hands on personal care.

- Population specific basic training - Training tailored to a specific group of clients and their unique care needs due to their disease, condition and/or stage of life. Specialty training meets the population specific requirement when taken with Core Basic training.
A newly hired LTC worker (unless listed as exempt on slide 5) must:

- **Take 75 hours of training** within 120 days of hire
- **Become a Certified Home Care Aide** within 200 days of hire

LTC Workers with *Limited English Proficiency* can apply for a *provisional certificate* (when filling out the DOH application) that will extend this timeline an *additional 60 days*. 

[www.adsa.dshs.wa.gov/professional/training](http://www.adsa.dshs.wa.gov/professional/training)
Who is *exempt* from the 75 Hour Training and Certified Home Care Aide requirement?

- RNs, LPNs, NACs, nurse technicians, or advanced registered nurse practitioners.
- A person with special education training and endorsement granted by the superintendent of public Instruction.
- A Long term care worker employed in Washington State:
  - Between January 1, 2011 and January 6, 2012 who completed all basic training requirements in effect as of the date of hire.
  - By a community residential provider (exempt until January 2016).

Modified Fundamentals of Caregiving is no longer required of RNs, LPNs or CNAs.

Other training may be required of workers exempt from 75 hour training and home care aide certification. See slide 7.

[webpage link: www.adsa.dshs.wa.gov/professional/training]
What is included in the 75 hours of training

5 hours of Orientation (2 hrs) Safety Training (3 hrs) + 70 hours of Basic Training = 75 hours of Training

What is included in the 70 hour basic training

Core Basic Training
The knowledge and skills a LTC worker needs to provide personal care correctly and safely.

Population Specific Basic Training
Additional training on topics unique to the care needs of the population served.

= 70 hours of Basic Training

The law does not specify how many of the 70 hours of basic training must be core basic vs. population specific training – just that both areas must be included and add up to 70 hours.

There is no department developed 70 hour basic training curriculum.

www.adsa.dshs.wa.gov/professional/training
Other Training That May be Required of a LTC Worker

**Specialty Training** – required in AFHs and ALFs if any client/resident living in the home or facility has:
- Dementia – *Dementia Specialty*
- A mental health diagnosis - *Mental Health Specialty*
- A developmental disability - *Developmental Disability Specialty*

**Nurse Delegation Core Training:**
- Required if NAC, NAR or Certified Home Care Aide will be performing a nurse delegated task.

**Nurse Delegation : Special Focus on Diabetes:**
- Required if NAC, NAR or Certified Home Care Aide will be performing insulin injections

**Continuing Education (CE)***
- 12 hours of Continuing Education each year by their birthdate.

Getting LTC Workers Required Training

Option 1: Apply to offer training at your AFH, ALF or home care agency
Go to the ALTSA training website for detailed instructions and forms
  - AFHs or ALFs
  - Home Care Agencies

Option 2: Use a Community Instructor approved to offer training
The ALTSA training website has a Community Instructor search feature that generates a list of all approved community instructors by the training course(s) and county you select.

Use the community instructor search feature to find approved community instructors in your area.
Community Instructors can offer a variety of LTC worker training options:
  ✓ Complete 75 hours of training
  ✓ 70 hour basic training
  ✓ Core basic and population specific training
  ✓ Specialty Training
  ✓ Continuing Education (CE)

www.adsa.dshs.wa.gov/professional/training
Home Care Aide (HCA) Certification

3 parts to becoming a certified home care aide.

1. Complete the home care aide certification application process (Department of Health).
2. Complete 75 hours of training (DSHS).
3. Apply and take a written and skills exam (Prometric).

Effective 7/28/13:
- a new LTC worker has 200 days from hire to become a certified home care aide. A LTC worker who does not meet this deadline can no longer be paid to provide care.
- LTC Workers with Limited English Proficiency can apply for a provisional certificate that will extend this timeline an additional 60 days.

HCA certification checklist and quick link page
DSHS has developed tools to help LTC workers understand how to meet the training and certification requirements. These tools include:

- The “Home Care Aide Certification Checklist”. This document is a guide to the process of completing the 75 hour training and home care aide certification by all deadlines.
- Links to forms, websites, and information needed for training and certification.

Find these tools at:
