## Open Office Hours

Have questions, ideas, or challenges you'd like to discuss with others in your field? Join our new Open Office Hours, a monthly drop-in forum designed just for long-term care providers!

Facilitated by Behavioral Health Quality Improvement Consultants (BQICs), these hour-long sessions are a space to share experiences, explore solutions, and learn from each other in a supportive, collaborative environment.

Each session is held over Zoom and tailored to your facility type - whether you're AFH, ALF, NH, or CCRSS.
