**CR-103E EXTENSION FILED FOR EMERGENCY RULES AMENDING OR SUSPENDING  
SOME NURSING HOME REQUIREMENTS RELATED TO PASRR AND RESIDENT GROUPS**

Dear Nursing Facility/Home Administrator:

The Department of Social and Health Services (department) filed emergency rules on April 13, 2020, for some nursing home requirements. The rules were amended and temporarily repealed in response to the significant threat of COVID-19 and to continue to align state nursing home rules with federal rules. The rules were consecutively extended with the last extension (WSR 22-01-166) expiring on April 15, 2022.

The department filed an extension of the emergency rules with an effective date of April 15, 2022 ([WSR 22-09-014](#)), due to expire on August 9, 2022. These rules are related to pre-admission screening and resident review (PASRR), and participation in resident and family groups.

The following rules were amended and temporarily repealed:

- **WAC 388-97-1915** and **-1975**: Emergency rules permit the level I PASRR screening, and if needed, the level II evaluation to occur up to 30 days after admission.
- **WAC 388-97-0920**: Emergency rules are maintained, which is related to resident and family groups.

The department filed a CR-101 on August 5, 2020 to begin permanent rule making on WACs 388-97-1915, -1975, and -0920 under [WSR 21-11-062](#). The CR-101 document is available on Aging and Long Term Support Administration's (AL TSA) Information for [Nursing Home Professionals](#) web page, under "NH Rule Filings". The department remains in discussion about adding language to the rules to identify the time period the rules were suspended.
