**AL TSA: NH #2022-027**  
**CR-103E EMERGENCY RULES FILED RELATED TO TRANSFER AND DISCHARGE OF NURSING HOME RESIDENTS**

Dear Nursing Facility/Home Administrator:

On April 4, 2022, the department filed emergency rules under [WSR 22-08-062](#) effective April 9, 2022. These emergency rules continue the suspension of certain transfer and discharge requirements previously suspended under Governor Proclamation 21-15 and emergency rules filed on December 9, 2021 under WSR 22-01-072.

These emergency rules amend WAC 388-97-0140 to allow nursing homes to immediately transfer or discharge COVID-19 positive nursing home residents to facilities that are equipped to treat the disease when the nursing home is unable to treat COVID-19 positive patients. The emergency rules also amend WAC 388-97-0120 to waive the requirement for nursing homes to suspend certain transfers and discharges pending the outcome of a resident appeal hearing, improving resident safety by allowing faster grouping of COVID-19 positive residents in one facility, or grouping asymptomatic residents together. These emergency rules help expedite infection control processes and maximize the availability of nursing home beds.

These emergency rules expire on August 2, 2022. The department also filed a CR-101 [WSR 22-08-060](#) on April 4, 2022, to begin rulemaking to identify the time period these requirements are suspended under emergency rules.

Thank you for your continued commitment to resident health and safety. If you have any questions, please contact Molly McClintock, Nursing Home Policy Program Manager, at (360) 742-6966 or [molly.mcclintock@dshs.wa.gov](mailto:molly.mcclintock@dshs.wa.gov).

Sincerely,

Mike Anbesse, Director  
Residential Care Services
