

Long-Term Services and Supports Trust Commission Supplemental Private Coverage Workgroup Charter

Purpose

This LTSS Trust Commission workgroup will work with insurers to develop private long-term care insurance products that supplement (i.e. “wrap around”) the WA Cares Fund benefit. The workgroup has four primary objectives:

- Identify and develop recommendations to reduce impediments to the design of attractive, affordable supplemental insurance plans;
- Develop parameters for model plans that meet Office of the Insurance Commissioner (OIC) requirements for marketing;
- Develop recommendations for consumer protections in supplemental plans that ensure consistency with NAIC model Act consumer protections and to the extent needed, strengthen such protections for these supplemental policies;
- Develop recommendations for state actions to support the development and distribution of approved supplemental coverage plans.

In its work, the workgroup will adhere to the LTSS Trust Foundational Principles that were approved by the LTSS Trust Commission in September 2020:

- Respect the dignity and autonomy of beneficiaries in determining how and from whom they receive care
- Be customer focused
- Provide a seamless, quality user experience
- Be accessible to all Washingtonians both online and through a strong community presence
- Promote development of a long-term services and supports workforce and provider network to meet increased demand with high-quality, culturally competent services
- Ensure beneficiaries have a broad range of services and supports from which to choose
- Ensure outreach and policies are consistent with values of diversity, equity and inclusion
- Focus on solutions that are not rooted in tradition but are tailored to delivering new program benefits and meeting needs of current and future participants
- Respond to changing conditions, needs, and opportunities
- Be strong stewards of worker contributions by maintaining the financial stability and sustainability of the Trust
- Protect beneficiaries and the Trust Fund from program fraud

The workgroup will present its recommendations to the LTSS Trust Commission. The Commission will make formal recommendations to DSHS and the Legislature.
