Application for Telecommunication Equipment

The Office of the Deaf and Hard of Hearing (ODHH) operates a Telecommunication Equipment Distribution (TED) program. The TED Program supplies specialized telecommunication equipment to people who have a hearing loss or speech disability so that they can use the telephone independently.

Washington State residents ages 4 and up who are deaf, hard of hearing, late-deafened, deaf-blind or speech disabled are eligible to apply to receive telecommunication equipment.

This application has the information you will need to complete the process. If you have any questions or need help filling out the application, you may contact the TED Program.

To receive equipment, you must:

☐ Complete the Application for Telecommunication Equipment (pages 7 - 8).

An incomplete application may cause a delay in service.

We will send you a letter if your application is incomplete or denied.

☐ Mail your application to the TED Program at the address above.

When your application is accepted and processed, we will:

1. Send you a letter showing the cost of equipment, if any.
2. Add your name to the next equipment distribution list.
3. Issue the equipment to you.

For more information about the application process, see Frequently Asked Questions in Program Information (page 2).

Applications are available in Large Print, Braille, and other languages.
You may contact ODHH to request an application in an alternative format.
Some specialized telecommunication equipment must be used with Relay. Relay is a free service that connects people who use specialized telephone devices to people who use a standard telephone, and vice versa.

- To use Relay, simply dial 7-1-1.
- You will be connected to a Relay Operator (RO).
- The RO will dial the phone number being called and relay the conversation between both people.

### Frequently Asked Questions (FAQ)

**Does my income disqualify me from getting equipment through the TED Program?**

No. Anyone who meets the qualifications (page 1) may apply for equipment, regardless of income.

**Do I have to pay for equipment?**

You may receive equipment at a reduced cost or free of charge. The cost of the equipment is determined by a sliding scale. Your family size and income is used to calculate the amount you must pay, if any. We will send you a letter that shows the amount you owe.

We must receive payment before we can issue equipment. If you are unable to pay the amount owed, you may request a waiver. For more information about the waiver process, contact the TED Program.

**What income must be reported?**

You must report any and all sources of income including but not limited to wages, disability benefits, retirement income, social security, and interest.

**What equipment may I choose from?**

The TED Equipment Catalog (pages 4 - 6) shows equipment types available. You may select one (1) telecommunication device with accessories for that device, if available; and one (1) signaling device. You must select the equipment type you want on the application (page 8, section 3).

**What kind of home phone service is required?**

Clients applying to receive a Captioned Telephone, amplified phone or other landline based telecommunication equipment must have analog based phone services. Internet or cable based phone services such as those provided through Comcast or Wave Cable are not compatible with the CapTel phones; however, will work for amplified phones.
What professionals are authorized to sign my application form?

Check the box that describes the profession of the individual signing the application form. WAC 388-818-010 states that the following individuals are authorized to certify an applicant’s eligibility:

a. A person who is licensed or certified by the Department of Health to provide health care in the state of Washington;

b. An audiologist or hearing aid fitter / dispenser in the State of Washington;

c. A deaf specialist or coordinator at one of the community service centers for the deaf and hard of hearing in the state;

d. Any in-state nonprofit organization serving the hearing or speech impaired.

e. Staff from a qualified Washington state agency;

f. A vocational rehabilitation counselor within the State of Washington;

g. A deaf-blind specialist or coordinator at an organization that serves deaf-blind people within the State of Washington;

h. A licensed occupational therapist within the State of Washington;

i. A certified speech pathologist practicing in the State of Washington; or

j. Other: write-in your profession.

I received equipment in the past. May I reapply for new equipment?

You are eligible to reapply for new equipment after three (3) years only if your current equipment from the TED Program is not working or no longer meets your needs. If you received the equipment at no cost, you must return that equipment before we can give you new equipment. You may contact the TED Program for more information.

When will I receive equipment?

The process to receive equipment can be expected to take four (4) to eight (8) weeks. Equipment may be delivered or shipped to you. Some equipment must be delivered by a contracted TED trainer.

If equipment is delivered to you by a trainer, he or she will contact you to schedule a date and time to meet with you and others who may be interested. The trainer will assess your needs; and hook-up the equipment and show you how to use it. If the equipment is being shipped to you, we will send it at the beginning of the next calendar month.

The TED Program provides these services for free.

Where can I go to see and test the different types of equipment?

Each of the contracted regional Deaf Service Centers has a TED Program Demo Site. For a list of the current Deaf Service Centers, please visit the ODHH website at https://www.dshs.wa.gov/altsa/office-deaf-and-hard-hearing OR, call 1-800-422-7930 to find the demo site location nearest you.
