

# Two-day Skill-building Training on *The ASAM Criteria*

Trainings sponsored by the Division of Behavioral Health and Recovery

This two-day, application-focused training provides participants with an in-depth look at the theoretical foundations of the Criteria, including clinically driven services, biopsychosocial assessment, the six dimensions, continued stay and transfer/discharge criteria. Incorporating the use of the new edition of *The ASAM Criteria*, participants have opportunities for skill practice at every stage of the treatment process: assessment, engagement, treatment planning, continuing care and transfer or discharge.

All participants receive an in-depth Training Journal to guide the training experience and as a resource for continuing skill application, as part of the training.

For this training, please bring a copy of *The ASAM Criteria*.  
*The ASAM Criteria* can be purchased at [www.asamcriteria.org](http://www.asamcriteria.org).

## Who should attend?

Administrators, program directors, supervisors, addiction treatment providers, counselors, case managers, social workers and probation officers.

*Each training will be capped at 50 participants. Seats are available on a first come, first served basis.*

## Continuing education will be offered.

This program has been approved for 13 contact hours through NAADAC.
