Yakima	54	175	31%

NOTES: Table displays the highest monthly WISe caseload recorded as of September 2015, based on the number of children residing in each county receiving WISe services. Due to data lag, progress shown in some areas may reflect WISe caseload as far back as March 2015 and as recent as July 2015. Initial mid-level monthly service targets reflect mid-level estimates of WISe youth projected to be served each month at full implementation; these initial forecasts are estimates and subject to change (please refer to the RDA document, "Addendum to 'Initial Estimates of WISe Utilization at Full Implementation,'" dated February 26, 2015). *Caseload counts less than ten but greater than zero have been suppressed to protect confidentiality, and corresponding measures of "Progress to Target" are shown as ranges.

WISE Progress to Initial Full Implementation Target by Region

NOTES: Table displays the highest monthly WISE caseload recorded as of September 2015, based on the number of children residing in each region receiving WISE services. Due to data lag, progress shown in some areas may reflect WISE caseload as far back as March 2015 and as recent as July 2015. Initial mid-level monthly service targets reflect mid-level estimates of WISE youth projected to be served each month at full implementation; these initial forecasts are estimates and subject to change (please refer to the RDA document, "Addendum to 'Initial Estimates of WISE Utilization at Full Implementation,'" dated February 26, 2015). *Caseload counts less than ten but greater than zero have been suppressed to protect confidentiality, and corresponding measures of "Progress to Target" are shown as ranges.
