DSHS – 48 Bed Residential Treatment Facility - Clark County ^{Community Meeting July 23, 2020}

Agenda

Introductions History of state services New Vision Community Based Treatment –Program Detail Site Plan Review Public process Questions ?

Quick Facts and Trends

- State of Washington ranks 47th national in capacity for appropriate mental health services
- 1 in 5 adults have some sort of mental illness in the state of Washington (nationally 18.19%)
- 5% of adults in the state of Washington have a serious mental illness (nationally 3.7%)

The rate of serious mental illness among adults is also higher in Washington compared to the national average (SAMHSA, 2013) (See Figure 2.).

Figure 2. Rate of serious mental illness among adults.

In forensic populations, the prevalence of mental illness is even higher. The estimated proportion of adults with mental health, Substance Use, and Co-occurring Disorders in U.S. Population and under Correctional Control and Supervision are shown below in Table 1.

History of State Mental Health Services

- DSHS Operates two psychiatric hospitals for adults
 - Western State Hospital
 - Established 1871
 - Currently serves nearly 800 patients; both forensic and civil patients
 - Supports 20 counties in Western Washington
 - Eastern State Hospital
 - Established 1891
 - Currently services 287 patients; both forensic and civil patents
 - Supports

New Vision

- Moving away from a centralized model.
- Converting state hospitals into forensic only facilities.
- Treating the whole person-mind and body- in the communities they live in.
- Investing in additional community based treatment options.
- This project is a starting point

How did we get here?

- Legislature funded \$20M to locate a 48 bed Residential Treatment Facility.
- DSHS focused on Western Washington.
- Looked for highest need.
- Wanted to be accessible to the community.
- Want to ensure that the facility can meld into the community.

a state

• Safety and Security

KM1 Massing Concept

Massing Concept

Systems Proposed

LEED Silver/ Net Zero Energy Executive Order 18-01, 20-01 (zero energy or zero energy capable)

Energy Efficient HVAC Geothermal Heat source

Ligature resistant Design (Plumbing, Doors, hooks, Light fixtures, mirrors, grab bars)

Essential Public Facility Process

- EPF process similar to an intensive Conditional Use Permit
 - Documentation of need
 - Analysis of potential sites
 - Public outreach and opportunity for comment
 - Consistency with the Comprehensive Plan and development regulations
 - Analysis of environmental impacts SEPA Checklist
 - Reviewed through the City of Vancouver as a Type One EPF
 - Decision by Hearing Examiner
