Profile

Title:	Braam Outcomes for FY11 from the Survey of Foster Parents and Relative Caregivers in Washington State
Abstract:	<p>This FY11 annual report presents the survey results and the outcome calculations for the fiscal year 2011 survey of foster parents and relative caregivers in Washington State. The SESRC has conducted this telephone survey of foster parents and relative caregivers in Washington State annually since 2007. The main purpose of the survey is to obtain information that is helpful to all areas of the Braam Settlement. In developing the original survey design, questionnaire, and procedures, the SESRC consulted with the Braam Oversight Panel, the Foster Parent Association of Washington State (FPAWS), the Children's Administration (CA), foster parent liaisons, and the Braam Survey Advisory Group. The previous surveys were conducted in spring of 2007 (SESRC Data Report #07-048), spring of 2008 (SESRC Data Report #08-044), and the spring of 2009 (SESRC Data Report #09-040). The FY10 survey was conducted quarterly and is based on the two quarterly surveys conducted in the first half of 2010 (which asked questions about the last six months of 2009), and on the two quarterly surveys conducted in the second half of 2010 (which asked questions about the first six months of 2010). The present survey was also conducted quarterly and is based on the four quarterly surveys conducted during 2011.</p>
Method:	<p>The survey methods included mailing a letter to a random sample of foster parents and relative caregivers prior to the start of the telephone calling. Telephone interviews were then attempted with as many people as could be reached during the survey period. SESRC made use of a computer assisted telephone interview (CATI) system, and a call scheduler to ensure that up to 15 call attempts were made to reach each respondent. The telephone interview averaged 23 minutes in length.</p>
Results:	<p>For this report, the survey results are based on a total of 1,381 interviews. The cooperation rate for the telephone interview was 88.2%. The overall response rate was 56.9%; with a sample error of ± 2.5%.</p>
Timeframe:	January through December of 2011

I. SURVEY IMPLEMENTATION AND OUTCOME MEASUREMENT

Background and Survey Objectives

This report describes the implementation and results of the FY11 survey of foster parents and relative caregivers in Washington State. This survey is the fifth annual survey conducted to measure selected Braam outcomes. While there have been some changes to the methods and the questionnaire, we have emphasized consistency to ensure comparability of annual results. One fairly major change has been the change from a calendar year basis to a fiscal year basis, and a change in the survey methodology to quarterly implementation. The first two surveys of foster parents and relative caregivers, conducted in 2007 and 2008, asked questions about the previous calendar year and each was conducted over a three-month period. For the FY09 survey it was decided that a quarterly implementation would make it easier for caregivers to respond to questions about the previous six month period, and would also allow the results to be reported for a fiscal year, rather than a calendar year. Thus, beginning with the FY09 survey and continuing with the FY10 survey, questions are based on the previous six month period.

The present FY11 annual report is thus based on interviews conducted during the 2011 calendar year with questions that asked about caregiver experiences during the 2011 fiscal year which runs from July 2010 to June 2011.

The main purpose of the survey is to obtain information that is helpful to all areas of the Braam Settlement Agreement related to caregivers' work with foster children and associated outcomes and action steps. * The foster parent survey addresses all areas of the Braam Settlement Agreement: placement stability, mental health, foster parent training and information, unsafe and inappropriate placements, sibling separation, and services to adolescents. Several types of questions are included in the survey:

- Monitoring- Certain questions in the foster parent survey are being used by the Braam Oversight Panel to monitor Children's Administration's progress toward eight of the outcomes specified in the Braam Implementation Plan. These specific questions are used to calculate outcome data (see section II of this report).

- Informational- Some questions in the foster parent survey are related to the goals of the Braam Settlement Agreement, but will not be used by the Braam Panel to monitor compliance with the agreement. In these areas, these data will be used by Children's Administration, providers, and stakeholders to better understand the experiences of foster parents and inform practice improvement (see section III).

- Demographic and background information- The foster parent survey includes a number of demographic and background questions (see section III).

* The Braam Settlement Agreement and implementation plan are available online at this website: <http://www.braampanel.org>

In developing the original survey design, questionnaire, and procedures, the SESRC consulted with the Braam Oversight Panel, the Foster Parent Association of Washington State (FPAWS), the Children's Administration (CA), foster parent liaisons, and the Braam Survey Advisory Group. The survey questionnaire was extensively reviewed by foster parents, Braam Panel members, Children's Administration staff, and Braam plaintiffs' attorneys, to ensure that it would provide adequate measures of specific Braam Panel outcomes over time.

Population and Sample

The population for this survey is all foster parents and relative caregivers who cared for a child or children placed in state custody in Washington State during the 2011 fiscal year. The sampling frame for this survey is the list of all foster parents and relative caregivers registered by the State of Washington who provided care to at least one child/youth during the 2011 fiscal year.

The sample plan was designed to represent all six DSHS regions in proportion to their representation in all of Washington State. The sample includes only active caregivers, including those licensed through private agencies and those licensed through the state. The sample also includes those who are unlicensed relative caregivers and registered with the state.

Foster parents who were inactive during the 2011 fiscal year were not included in the survey, even though they had been included in prior surveys. Our previous experience attempting to interview inactive foster parents was not very successful since most inactive foster parents could not be located or did not want to participate in the survey.

Table 1 on the following page displays the caregiver population for each quarterly survey, by region and by type of caregiver.

Table 1. Survey Population by Type and Region: Caregivers with at least one child in an open placement episode in their care for at least 60 days during the FY11 quarter.

Quarter 1: Survey Population by Region and Type				
Region	FH (DLR Licensed)	PA (Private Agency)	RP (Unlicensed)	Totals
1	308	76	261	645
2	200	116	207	523
3	230	111	269	610
4	162	135	351	648
5	150	282	418	850
6	374	94	269	737

Total	160	72	88	320

Survey Implementation

Survey Procedures. Several procedures were implemented that helped to build a rapport with respondents and to ensure that respondents felt comfortable with the survey. Information about the survey was placed on the BRAAM website and the DSHS website just as the survey data collection period was getting underway. The SESRC telephone Interviewers were provided with a "Frequently Asked Questions" reference sheet to help answer questions that foster parents may have about the survey. An advance letter was sent to all foster parents and relative caregivers in the sample approximately one week before the beginning of telephone interviews. The purpose of the advance letter was to let foster parents know that a SESRC interviewer would be calling and to inform them about the topic of the survey. A toll-free 800-telephone number that foster parents could call in to ask questions about the survey was maintained during the calling period.

A particular concern for this survey was to put in place safeguards to guarantee confidentiality of survey responses and anonymity in survey results. To ensure that survey respondents cannot be identified from their survey responses the SESRC follows federal guidelines for protection of human subjects and maintains the survey dataset in a secure location at SESRC. The survey dataset will not be released without prior written approval from the Braam Oversight Panel.

Telephone Interviews. Interviews for the fiscal year 2011 survey were conducted quarterly in four waves. The first quarterly survey of caregivers who provided care between July and September 2010 was conducted between January and March 2011. The second quarterly survey of caregivers who provided care between October and December 2010 was conducted between April and June 2011. The third quarterly survey of caregivers was conducted between July and September 2011. The fourth quarterly survey of caregivers was conducted between October and December 2011. All call attempts were made at different times of the day and on different days of the week in order to maximize the likelihood of reaching respondents. At least three evening call attempts were made and two daytime call attempts. At least one call attempt was made on the weekend. If an interviewer called at an inconvenient time for the respondent, the interviewer attempted to schedule a specific time to re-contact the household for an interview. If an answering machine was encountered, interviewers were instructed to leave a scripted answering machine message. If a message was left, the case was held for three days and then called on again. Only one AM message was left per case. The average length for a completed interview was 23 minutes. Interviewers made an average of fifteen call attempts per hour during the calling period.

Response Rates. For the interviews conducted during the FY11 survey, the final cooperation rate achieved was 88.2% and the response rate achieved was 57%. The cooperation rate indicates the percent of people who are contacted for an interview that agree to participate in the survey. The response rate indicates the percent of people in the total sample, minus the ineligible respondents, that participate in the survey. The calculation of both measures is based on the suggested definitions and procedures defined by the American Association for Public Opinion Research (AAPOR).

The table below displays the quarterly sample disposition and response rates achieved, as well as the overall FY11 results.

	Total Sample Disposition	Q1	Q2	Q3	Q4	FY11 Total
CM	Completed Interviews	303	363	375	311	1352
PC	Partial Interviews	11	5	4	9	29
RF	Refusals	44	57	47	37	185
NC	Non Interview, unknown eligibility	279	258	225	311	1073
OT	Other Non Contact	0	0	2	1	3
IE	Ineligible	121	75	105	89	390
	Total	758	758	758	758	3032

e	Estimated Eligibility Proportion	0.747	0.85	0.8	0.8	0.8
CR	= (CM+PC)/(CM+PC+RF)	87.7%	86.6%	89.0%	89.6%	88.2%
RR4	= (CM+PC)/(CM+PC+RF+OT+e*NC)	55.4%	57.1%	62.3%	52.7%	56.9%

The cooperation rate and the response rate achieved in this study are higher than last year's rates and are higher than what is generally achieved in public opinion surveys. These high rates reflect what our telephone interviewers experienced in conducting the telephone interviews – that foster parents and relative caregivers were highly interested in the survey and in offering their views on the issues addressed in the survey. The high cooperation and response rate are also due to the efforts of the SESRC data collection supervisors and interviewers in contacting respondents at various times throughout the day and on various days throughout the week during the survey period to ensure that people who were not at home would still have an opportunity to participate in the survey. This high response rate ensures that the survey results are truly representative of the population of all foster parents and relative caregivers in Washington State.

Current phone numbers were not available for some foster parents and caregivers but this is not an indication that DSHS is unable to contact children and youth in out-of-home care. Explanations for the non-working and missing phone numbers include that the caregivers may have discontinued providing care and their phone numbers had changed, phone numbers may have changed between the time the sample was pulled and the caregiver was called, or the numbers could have been misdialed or entered incorrectly into FamLink. In previous surveys SESRC returned nonworking numbers to Children's Administration several times during each survey so that numbers could be checked and corrected. We have not had to do so for the most recent quarterly surveys because of the relatively small number of non-working and missing telephone numbers.

Sample Error. Sample error is a measure of the degree to which a randomly selected sample of respondents represents the population from which it is drawn, at a given level of confidence (usually 95%). The survey sample was designed to ensure that the maximum sample error for licensed caregivers and for unlicensed caregivers was no larger than plus or minus 5%, and for regional results was no larger than plus or minus 10% at a 95% confidence level. The survey achieved and exceeded these objectives. The maximum sample error for the entire survey is no larger than plus or minus 2.4%. This means that we can have 95% confidence that sample results do not deviate from the population of all caregivers in the state by more than 2.4% for questions with two response categories and 1,381 respondents. Sample errors vary for each question, with the result dependent on the number of response categories, the population size, and the number of respondents answering the question.

Additional Information about the Survey

- Caregivers who did not care for a child in foster care/kinship care during the quarter previous to the survey were excluded from the survey.
- Foster parents with multiple children in the home were asked to answer survey questions about only one child. The child selected was the one who had spent longer than 60 days in the home during the last half of 2010 or the first half of 2011. If there was more than one such child in the household, then parents were allowed to select which child to answer questions about.
- Caregivers who cared only for children who were adopted or in a guardianship (not children remaining in foster/kinship care) during the last half of 2010 or first half of 2011 were excluded from the survey.
- Only caregivers whose children had spent longer than 60 days in the home during the quarter previous to the survey were eligible to participate in the survey.
- The survey included explicit definitions for certain terms used in the interviews (e.g., “medically fragile,” “physically assaultive or physically aggressive youth” and “sexually aggressive youth”).
- Interviewers were provided with responses to frequently asked questions (FAQs) about the survey to ensure that all respondents would get the same information about the survey.
- Children’s Administration policy as of September 1, 2008 requires monthly visits for all children in out-of-home care. These visits include individual and private time with the child to discuss the child’s situation. For children who are non-verbal, this individual and private part of the monthly visit is not expected.
- A substantial change was made to the caregiver questionnaire between Q1 and Q2 of FY10 in questions about sibling visits and contacts which enter into the calculation for one Braam outcome (E.2.1). Previous surveys asked about the foster child’s visits and contacts with all of their siblings combined who were not placed with their caregiver. The questionnaire used for the last three quarters of FY10 was significantly changed so that these questions were now asked about each of the siblings that a foster child had, with the possibility of asking questions for up to nine siblings.

Outcome Measurement

Introduction. A number of specific questions in the foster parent survey are being used by the Braam Oversight Panel to monitor Children's Administration's progress toward the following eight outcomes specified in the Braam Revised Implementation Plan:

Outcomes related to Foster Parent Training and Information (note: pursuant to the Braam Revised Implementation Plan, these measures apply to licensed caregivers only):

- C.1.1 Percentage of caregivers reporting adequate training for their roles and responsibilities (including but not limited to emotional, behavioral, developmental, medical, educational advocacy, birth parents and cultural competency).
- C.1.2 Percentage of caregivers reporting adequate support for their roles and responsibilities, by region and for the state as a whole (including but not limited to crisis support, timely notification about case planning meetings, and cultural competency resources).
- C.1.3 Percentage of caregivers reporting adequate provision of information about the needs of children placed with them, by region and for the state as a whole (including but not limited to behavioral, medical, developmental and educational needs).

Outcomes related to Unsafe and Inappropriate Placements (applies to both licensed and unlicensed caregivers):

- D.1.5 Percentage of medically fragile children connected to appropriate and ongoing medical care and placed with caregivers who receive consultation and training regarding their caretaking responsibilities for the medical condition.
- D.1.3 Children identified as sexually aggressive (SAY) pursuant to the statutory definition will be placed with caregivers who have received specialized training and have a plan developed to address safety and supervision issues.
- D.1.4 Children identified as physically assaultive or aggressive (PAAY) pursuant to the statutory definition will be placed with caregivers who have received specialized training and have a plan developed to address safety and supervision issues.

Outcomes related to Mental Health (applies to both licensed and unlicensed caregivers):

- B.4.1 Each child will receive behavioral health services from the same individual provider.

Outcomes related to Sibling Separation (applies to both licensed and unlicensed caregivers):

- E.2.1 Percentage of children placed apart from their siblings who have two or more monthly visits or contacts (not including staffing meetings or court events) with some or all of their siblings.

This report describes which survey questions are included in each Braam outcome, and how the survey responses enter into the calculation of each outcome. The outcome measurement and calculation is done at the request of the Braam Panel and after discussion with all stakeholders in the Braam Settlement Agreement.

There are four guiding principles in the development of these outcome measures:

- (1) that the measurement is done accurately;
- (2) that it is fair to all stakeholders;
- (3) that it be reliable;
- (4) that the calculation be easily understood and explainable to others.

Methodology. The procedure for obtaining an outcome measurement has five basic steps:

- (1) Identify the relevant survey questions for each outcome.
- (2) Code all responses to each question to be included in a outcome, as being:
 - In compliance
 - Out of compliance
 - Not applicable
- (3) Obtain the frequency of each code for every question in the outcome, and calculate averages for those questions to be combined.
- (4) Calculate the outcome for each question according to the following formula:

$$\frac{\# \text{ In compliance}}{\# \text{ In compliance} + \# \text{ Out of compliance}}$$

- (5) Calculate the outcome for subgroups and regions:
 - Active foster parents
 - Relative caregivers
 - Six regions

Decision Rules. The following pages summarize the outcomes results, and also describe the calculation of each of the eight Braam outcomes and the questions included in the measurement of each outcome.

Notes to the Calculations

- Survey questions asked about experiences in either the last half of 2010 (July through December) or the first half of 2011 (January through June), and all outcomes are based on survey results for fiscal year 2011.
- Results are presented separately for licensed and unlicensed caregivers, since some outcomes only apply to licensed caregivers, and others apply to all caregivers.
- While the total number of survey respondents is 1,381 some questions did not apply to some foster parents and relative caregivers. Thus, the total number of responses to any specific question will be less than 1,381 and in some cases much less.
- The data tables for the outcome measures in this report only show the number of survey respondents that are "in" compliance with the outcome and those that are "out" of compliance with the outcome. The number of respondents for whom the outcome did not apply, or that missed the question is not shown because this can be determined by subtracting the total in each data table from the total number of survey respondents (1,381).
- Most outcomes have screening questions to make sure that they are applied only to the relevant caregivers. These screening questions and the survey data are described in the calculation of each outcome measure.
- For outcome C.1.2 there is one question (Q78) that was not factored into the outcome for the year 2006, because the related policy was not yet in place. In subsequent years, including the current survey, this question is included in calculating the outcome.
- Outcomes C.1.1, C.1.2, and C.1.3 apply only to licensed caregivers. Thus, for **these three outcomes** the % in compliance in the overall summary results (page 10) and the results for all caregivers by region (page 12) is limited to only **licensed** caregivers.
- The calculation of the outcome for C.1.3 is limited to caregivers with placements in fiscal year 2011. The Braam Panel agreed that only cases for which placement with the current caregiver occurred during fiscal year 2011 (or applicable period) will be factored into this outcome.
- The calculation of the outcome for E.2.1 was significantly changed in fiscal year 2010. The Braam Panel agreed to make this outcome measure consistent with the way the compliance measure is stated, i.e., "children placed apart from their siblings will have two or more monthly visits or contacts ... with some or all of their siblings...".

Trends for all Eight Braam Survey Outcomes

The table below displays the percent of caregivers meeting each of the Braam outcome criteria for surveys conducted in years 2007 through 2009, and in FY09, FY10*, and FY11

			2007	2008	2009	FY09	FY10	FY11
Type	Outcome		%	%	%	%	%	%
Licensed	C.1.1 Adequate Training		88.6%	86.4%	85.9%	85.9%	85.2%	87.8%
	C.1.2 Adequate Support		76.3%	75.6%	71.5%	71.9%	76.6%	79.2%
	C.1.3 Adequate Information		72.8%	72.4%	72.3%	75.4%	81.8%	82.0%

	C.1.3 Adequate Information		73.5%	71.7%	73.0%	75.4%	81.4%	82.7%
	D.1.5 Medically Fragile		74.9%	75.1%	87.6%	83.5%	86.3%	91.0%
	D.1.3 SAY		44.7%	55.0%	68.5%	70.3%	70.5%	79.2%
	D.1.4 PAAY		44.7%	44.7%	50.0%	52.9%	57.5%	66.1%
	B.4.1 Behavioral Health Svcs		75.4%	88.8%	95.0%	95.4%	94.5%	93.8%
	E.2.1 Sibling Visits & Contacts		48.4%	52.4%	53.7%	52.8%	51.6%	49.8%

*Note that because of the transition from a calendar year report to a fiscal year report, the FY09 column includes half of the interviews reported in the 2009 column.

**Note that outcomes C.1.1, C.1.2, and C.1.3 apply only to licensed caregivers. The results for these outcomes for unlicensed caregivers is collected and presented only for informational purposes.

Supplemental Information for Previous Outcome

Introduction. There is one outcome that is informational only and is included in this report because it was originally included as one of the nine Braam Outcomes measured by the survey of foster parents and caregivers.

D.1.6 = Percentage of caregivers reporting that children receive a private and individual face-to-face visit from the caseworker for each full placement month.

Trend for D.1.6

The table below displays the percent of caregivers meeting this informational outcome for surveys conducted in years 2007 through 2011.

		2007	2008	2009	FY09	FY10	FY11

II. CALCULATION OF OUTCOMES

C.1.1 Percentage of licensed caregivers reporting adequate training for their role responsibilities (including but not limited to emotional, behavioral, developmental, medical, educational advocacy, birth parents and cultural competency).

This outcome is measured by one question (Q27). This question asks foster parents to think about **all** of their training in the last three years and comment on its adequacy. Although Q27 asks foster parents to consider only their training within the past three years, the outcome does not include this time limitation. According to the Implementation Plan, this outcome applies to all licensed caregivers. For the purposes of calculating this outcome, responses of “already prepared” and “have not had training” are counted as not applicable.

C.1.1 Outcome Results

Q27 Overall, thinking about ALL of the training that you have had in the last three years, how adequately has it prepared you to care for the needs of foster children placed in your home? * BQ27 Outcome * License Indicator Crosstabulation

C.1.2 Percentage of licensed caregivers reporting adequate support for their roles and responsibilities, by region and for the state as a whole (including but not limited to crisis support, timely notification about case planning meetings, and cultural competency resources).

This outcome measure combines a total of seven questions: Q89, Q93, Q94, Q96, Q57, Q58, and Q78, but some questions are averaged so that equal weight is given to each of the four subsections of this outcome: support, cultural competency support, quality of help and support from the agency and social worker, and timely notification about case planning meetings. According to the Implementation Plan, this outcome applies to all licensed caregivers.

*Note: The results for Q78 were not factored into the outcome in the results for the 2007 survey, because the related policy had not been put in place in 2006. Q78, is however included in the outcome calculations for surveys conducted after 2007.

C.1.2 Outcome Results

C.1.3 Percentage of licensed caregivers reporting adequate provision of information about the needs of children placed with them, by region and for the state as a whole (including but not limited to behavioral, medical, developmental, and educational needs).

This outcome measure combines a total of eight questions: Q59, Q61, Q64, Q60, Q62, Q65, Q63A, and 63B and all questions are given equal weight. Questions refer to information provided to the caregiver at the time of placement. For some foster parents this will have been earlier than the year we are assessing. *Thus, the Panel has agreed that only cases for which placement with the current caregiver occurred during FY11 will be factored into the outcome.* According to the Implementation Plan, this outcome applies only to licensed caregivers.

This outcome is restricted to only those foster parents whose children were placed with them in FY11. Questions related to children’s developmental needs (Q63A& 63B) were added for the survey covering 2007 and subsequent years based on revisions to the Implementation Plan.

D.1.5 Percentage of medically fragile children connected to appropriate and ongoing medical care and placed with caregivers who receive consultation and training regarding their caretaking responsibilities for the medical condition.

This outcome has two screen questions (Q33 and Q38). Only foster parents who answer "yes" that they were caring for a child identified by the agency as "medically fragile" (Q33) are included in the calculation for this outcome measure. Q38 is a second screen question. Foster parents who answer "no" or "not sure" that they needed medical care for this child during the year, are considered "in compliance" if Q35 is "yes." Foster parents who answer "yes" to Q38, must also answer "yes" to Q39 to be considered in compliance.

A definition of "medically fragile children" was added to the survey in 2009, along with a third screen question (Q33A). This ensures that only caregivers who cared for children meeting this definition would be included in the outcome calculation.

Medically Fragile Children are those who have medical conditions that require the availability 24-hour skilled care from a health care professional or specially trained family or foster family member. These conditions may be present all the time or frequently occurring. If the technology, support and services being received by the medically fragile children are interrupted or denied, the child may, without immediate health care intervention, experience death.

D.1.3 Children identified as sexually aggressive (SAY) pursuant to the statutory definition will be placed with caregivers who have received specialized training and have a plan developed to address safety and supervision issues.

This outcome, as well as the related foster parent survey questions and decision rules, have been significantly revised from the 2007 survey. In the 2007 survey, SAY and PAAY were combined into a single outcome. Beginning with the 2008 survey, separate outcomes were measured for SAY and PAAY. A definition of "sexually aggressive youth" was added to the survey in 2009, along with a second screen question (Q115A). This ensures that only caregivers who cared for children meeting this definition would be included in the outcome calculation.

For SAY, Q115 is a screen question. Only foster parents who answer "yes" that a child identified by the agency as sexually aggressive was placed into their home in FY11 are included in the calculation of this outcome. Answers to both Q114 and Q118 must be YES to be considered in compliance

D.1.3 Outcome Results (All Caregivers)

Sexually Aggressive Youth means those youth who have committed a sexually aggressive act or other violent act that is sexual in nature, whether or not they have been charged. This does not refer to developmentally normal exploration. The sexually aggressive acts should have involved power over the victim through age difference (normally four or more years) or force/coercion.

Physically Assaultive or Physically Aggressive means those youth who have been observed to willfully assault a person with the potential of inflicting bodily harm to that person. This definition also includes youth who have made real threats to use a weapon or attempted to inflict harm to a person. Developmental level should be considered. A toddler who bites or hits is not considered physically assaultive.

B.4.1 Each child will receive behavioral health services from the same individual provider.

This outcome has a screen question (Q68). Only foster parents who answer “yes” that during the reference year, this child received mental health services are included in the calculation of this outcome.

An additional question (Q72) related to whether the foster parent feels that the change in clinician or treatment team was necessary to improve/maintain quality of care was added to the calculation of this outcome in the 2008 and later surveys.

E.2.1 Percentage of children placed apart from their siblings who have two or more monthly visits or contacts (not including staffing meetings or court events) with some or all of their siblings.

This outcome has three screen questions (Q125, Q126 and Q127). Only foster parents who indicate that the child has a sister or brother ("yes" to Q125), who was not placed in the foster parent's home in 2008 ("no" to Q126), and for whom contact was not disallowed by DCFS or the court ("no" to Q127) are included in the calculation of this outcome.

In the 2007 survey this outcome was measured by a single question which asked about visits and contacts with siblings. Beginning with the 2008 survey this question was separated into two questions, one about visits, and a second question about contacts. Beginning with the second quarterly survey in 2010, these questions were asked of each sibling not placed in the same foster home as the child.

Compliance is based on a total of two or more monthly visits or contacts. Responses are considered in compliance if there were two or more visits per month (Q128), two or more other forms of contact per month (Q128B), or through a combination of visits and contacts (combination of Q128 and Q128B).

Supplemental Information for Previous Outcome

D.1.6 Percentage of caregivers reporting children receive a private and individual face-to-face visit from the caseworker for each full placement month.

This informational outcome only has one question (Q53). However, this question was changed between the first and second quarterly surveys in FY10. The combined results are shown below.

D.1.6 Outcome Results (All Caregivers)

APPENDICES

Survey Results for FY11

The survey results are presented in the following pages for all 1,381 foster parents and relative caregivers who participated in the FY11 survey and fully or partially completed the survey. The data are crosstabbed to show results for licensed and unlicensed caregivers, and for the all respondents. Percentages reported in the tables that follow sum to 100% for each column in each table.

Note that the results presented here display the questions as they were asked in the most recent survey (interviews conducted between July and December 2011).

SURVEY DOCUMENTATION

Advance Letter

December 1, 2011

«FNAME» «LNAME»
«ADDR1» «UNIT»
«CITY», «STATE» «ZIP»«dash»«ZIP4»

Dear Foster Parent or Caregiver:

We need your help! I am writing to let you know that you will be contacted sometime in the next few weeks for a telephone survey of foster parents. The survey is being conducted as part of the Braam Settlement Implementation Plan, and the purpose is to gather information about your experiences to ensure that you are getting the training and support you need.

Your participation is voluntary, but is crucial to the survey's ability to accurately represent the opinions of all foster parents in Washington State. This is an opportunity for you to tell the Children's Administration and the Braam Oversight Panel how things are going.

In order to ensure your confidentiality, Washington State University's Social and Economic Sciences Research Center (SESRC) is conducting the survey. All information about you will remain in a confidential form here at SESRC and no personally identifying information will be shared with anyone else, including the Braam panel, and Children's Administration. Your answers will be combined with those of other survey participants so that individual answers cannot be identified in the results. Overall survey results will be used by the Braam Panel and by DCFS (Children's Administration) to identify ways of improving the training and support provided to foster parents.

This is the fifth year that a survey of foster parents has been undertaken. The results from the previous annual surveys of over 1200 foster parents and relative caregivers are available on the Braam Panel website at www.braampanel.org.

The interview will take around 20 minutes or so. If the interviewer calls at an inconvenient time, they will gladly make an appointment to call again at a more convenient time.

If you have any questions about the survey or about your participation please call SESRC at 1-800-833-0867 and ask to speak with the Braam survey coordinator, or you may email us at sesrc@wsu.edu. You may also call us if you want to schedule a specific appointment time for the interview. Information about the survey is also available at the Braam Panel website at www.braampanel.org.

Thank you so much for your time and for the care you provide every day!

Sincerely,

John Tarnai
Director

Foster Parent/ Caregiver Telephone Questionnaire

Introduction

BEGIN

Hello, is this the <Respondent Name> household? This is <interviewer name> from Washington State University.

- 1. Yes – Continue1
- 2. Not available – Callback.....2 → Get best time to call back
- 3. Nonworking number3
- 4. Noncontact4
- 5. Communication barrier5
- 6. Other.....6
- 7. Ineligible7

BEGN2

We mailed a letter recently about a survey we are conducting of foster parents and caregivers in Washington State. Do you remember receiving the letter? (IWR Prompt if R says NO: "It was a brief letter to let you know we would be calling.") The survey is being conducted to improve our understanding of the foster care system in Washington from the foster parent and caregiver perspective. May I speak with the main foster parent or child caregiver in your household?

- 1. Yes - Continue.....1
- 2. Not available - Callback..... 2 → Get best time to call back
- 3. Refusal..... 3 → Thank them for their time

CELL

First, for safety reasons I need to ask if this a cellular phone?

- 1. Yes - Continue.....1
- 2. No 2

CLSAF

Are you in a place where you can safely talk on the phone and answer my questions (that is you are not currently driving)? (IWR: If R cannot safely talk which included driving in a car then say "Sorry to have bothered you, we can call you back at another time." Set a GB General Call-Back.)

- 1. Yes - Continue.....1
- 2. No 2 → Schedule callback

CONFD

Before we begin I want you to know that this interview is completely voluntary and has been approved by Washington State University. While parts of this interview may be monitored by my supervisor, your answers will be kept strictly confidential. If I come to any question you would prefer not to answer, just let me know and I'll skip over it. The questions will take about 20 minutes to complete.

- 1. Yes - Continue.....1
- 2. Not a good time - Callback..... 2 → Get best time to call back
- 3. Refusal..... 3 → Thank them for their time

Background Questions

- Q1. First, I have just a few questions about your role as a foster parent or caregiver. Between January and June of 2011 were you a foster parent or a relative caregiver caring for a child?**
1. YES
 2. NO → Skip to End & code as Ineligible
 - D → Skip to End & code as Ineligible
 - R → Skip to End & code as Ineligible
- Q2. How many children placed in your home were you caring for between January and June of 2011?**
- _____ # CHILDREN (0 to 99)
- Q3. Was/were (the child/children) that you cared for between January and June of 2011 in a guardianship or adopted by you?**
1. YES → Skip to End & code as Ineligible
 2. Some were and some weren't
 3. NO
 - D
 - R
- Q4. Did (the child/any of the children) who (was/were) not in a guardianship or adopted by you, spend more than 60 days in your home?**
1. YES
 2. NO → Skip to Q27 and then Code as Complete-Ineligible
 - D
 - R
- Q5. Can you please confirm the number of children who were placed with you, spent more than 60 days in your home, and were not in a guardianship or adopted by you during the period of January 1, 2011 and June 30, 2011?**
1. One
 2. Two
 3. Three
 4. Four
 5. Five
 6. Six
 7. Seven
 8. Eight
 9. Nine
- Q6. Were you licensed through the Division of Licensed Resources, known as DLR, or through a Private Agency, or were you not licensed?**
1. DLR
 2. Private Agency
 3. Not licensed → SKIP to Q7N
 4. Not sure → SKIP to Q7N

Q17. For how many years have you been a Foster Parent or Relative Caregiver?

_____ # YEARS

Q17A. How many years have you been LICENSED as a Foster Parent?

_____ # YEARS

Q7N. In the first half of 2011, did you care for any children of a different race or ethnicity than you?

1. Yes
2. No
3. Not sure

Throughout the survey when I say "first half of 2011" I mean the time period between January and June of 2011.

Child Demographics

IF Q5 >1 → For the remaining questions in this survey, we need to select one child, of the <Q05> children placed in your home in the first half of 2011. When I say "first half of 2011" I mean the time period between January and June of 2011. I am going to refer to the child you choose as "this child." Do you have a child in mind? (IWR: Press ENTER to Continue when R has Child in mind.)

IF Q5 = 1 → The next set of questions are about the one child placed with you, who has spent longer than 60 days in your home during the first half of 2011. Throughout the survey when I say "first half of 2011" I mean the time period between January 1, 2011 and June 30, 2011.

Q40. Can you please tell me whether this child is male or female?

1. Male
2. Female

Q41. How old is this child?

_____ Age in Years

Q42. In what month and year was this child placed in your home?

_____ Month _____ Year

Q43. Please tell me the racial or ethnic background that best describes this child. (IWR: Read categories if R gives you a race or ethnicity that does not fit the list.)

- 1 American Indian/Native American
- 2 Black or African American
- 3 Asian, Hawaiian, or Pacific Islander
- 4 Hispanic or Latin American
- 5 Caucasian or white
- 6 Eskimo or Aleut
- 7 Multiple ethnicities
- 8 Other ethnicity
- 9 Not Sure

Q44N. Are you related to this child?

1. Yes
2. No
3. Not sure

Sibling Visits

Q125A. How many sisters and brothers does this child have?

0. None → SKIP to Q59
1. One
2. Two
3. Three
4. Four
5. Five
6. Six
7. Seven
8. Eight
9. Nine or more
- D. Not sure → SKIP to Q59

Q126. In the first half of 2011, how many of this child's siblings were placed in your home?

_____ NUMBER OF SIBLINGS PLACED IN HOME

IF Q125 = Q126 → SKIP to Q59

IF Q125 > Q126 THEN CONTINUE TO Q126A

IF Not sure → SKIP to Q59

CALCULATE NUMBER OF SIBLINGS (Q125 – Q126) TO ASK NEXT QUESTIONS ABOUT

You said that _____ of this child's _____ siblings is/are not placed in your home. I'd like to ask a few questions about each of these siblings not placed in your home, starting with the youngest.

CYCLE THROUGH THE NEXT SEQUENCE OF QUESTIONS (Q125b THRU Q128C) FOR EACH SIBLING**Q125B. Is the youngest/next sibling a full, half, or step sibling?**

1. Full
2. Half
3. Step
- D Don't Know

Q125C. How old is this sibling?

_____ Age in years (range 1 to 99) → IF => 18 SKIP TO Q59

Q126A. Where is the youngest/next sibling currently placed?

1. With their mother → SKIP to NEXT SIBLING OR TO Q127
2. With their father → SKIP TO NEXT SIBLING OR TO Q127
3. With a relative or unlicensed family friend
4. In another foster home
5. In a group home
6. Some other setting
7. Don't Know

Q126B. What is the MAIN reason that the youngest/next sibling is not placed in your home with your foster child? Is it because . . .

1. *They live too far apart*
2. *They don't get along*
3. *Your home doesn't have room for this sibling*
4. *They can't live together due to safety issues*
5. *They don't know one another*
6. *You are not willing to take this sibling*
7. *The sibling was placed with you, but you asked they be moved due to behavioral issues*
8. *The sibling needs specialized placement due to medical or other treatment needs*
9. *The department didn't ask you to take this sibling*
10. *You are not sure why*
11. *Some other reason _____*

Q127. Did DCFS or the court tell you not to allow visits or contact between the child and this sibling?

- 1 Yes → SKIP to next sibling or to Q59 if no more
- 2 No
- 3 Not sure

Q128. In a typical month in the first half of 2011, how often did this child have visits with this sibling? Would you say . . .

- 0 Not at all
- 1 Less than once a month
- 2 Once a month
- 3 Twice a month
- 4 Three times a month
- 5 Four times a month
- 6 More than 4 times a month
- 7 Not sure

Q128B. In a typical month in the first half of 2011, how often did this child have other forms of contact with this sibling, not including staffing meetings or court events? Would you say . . .

- 0 Not at all
- 1 Less than once a month
- 2 Once a month
- 3 Twice a month
- 4 Three times a month
- 5 Four times a month
- 6 More than 4 times a month
- 7 Not sure

(ASK NEXT QUESTION ONLY IF RESPONSES TO Q128 AND Q128B TOGETHER TOTAL LESS THAN TWICE A MONTH; I.E., SUM OF Q128 AND Q128B IS < 2)

Q128C What are the main reasons that this child has not had visits or other forms of contact with this sibling at least twice a month? (CODE RESPONSE)

- | | | | |
|--|-----|----|----|
| A. This child doesn't want visits or contact | yes | no | DK |
| B. Visits or contact have not been coordinated by the department | yes | no | DK |
| C. The children are physically far apart | yes | no | DK |
| D. Children's age makes phone or other contact unreasonable | yes | no | DK |
| E. Haven't got around to doing it | yes | no | DK |
| F. Scheduling conflicts | yes | no | DK |
| G. Sibling's parent/caregiver will not allow visits or contact | yes | no | DK |
| H. Sibling is a runaway | yes | no | DK |
| I. Sibling was adopted | yes | no | DK |
| J. Not sure why | yes | no | DK |
| K. Some other reason | yes | no | DK |

Adequate Information about Children's Needs

Next, I have a few more questions about this child in the first half of 2011, from July through December.

Q59. Would you strongly agree, somewhat agree, somewhat disagree, or strongly disagree that you were provided adequate information about this child's health needs in 2011?

1. STRONGLY AGREE
2. SOMEWHAT AGREE
3. SOMEWHAT DISAGREE
4. STRONGLY DISAGREE
5. Not Sure

Q60. If the child was placed with you in 2011, did you receive health information for this child within 30 days after this child was placed in your home?

1. Yes
2. No
3. Child placed before 2011
4. Not sure

[IF AGE OF CHILD IN Q41 IS <=4 YEARS → SKIP Q61 & Q62 (since they don't apply)]

Q61. Would you strongly agree, somewhat agree, somewhat disagree, or strongly disagree that you were provided adequate information about this child's education needs in 2011?

1. STRONGLY AGREE
2. SOMEWHAT AGREE
3. SOMEWHAT DISAGREE
4. STRONGLY DISAGREE
5. Not Sure

Q62. If the child was placed in 2011, did you receive information about this child's education history or needs within 30 days after this child was placed in your home?

1. Yes
2. No
3. Child placed before 2011
4. Not sure

Q63. Was this child been identified as having "developmental delays" at the time of placement?

1. Yes
2. No → SKIP to Q64A
3. Not sure → SKIP to Q64A

Q63A. Would you strongly agree, somewhat agree, somewhat disagree, or strongly disagree that you were provided adequate information about this child's developmental needs in 2011?

1. STRONGLY AGREE
2. SOMEWHAT AGREE
3. SOMEWHAT DISAGREE
4. STRONGLY DISAGREE
5. Not Sure

Q63B. If the child was placed in 2011, did you receive information about this child's developmental history or needs within 30 days after this child was placed in your home?

1. Yes
2. No
3. Child placed before 2011
4. Not sure

Q64A. Was this child identified as having "behavioral issues" including substance abuse or mental health issues at the time of placement?

1. Yes
2. No → SKIP to Q67A
3. Not sure → SKIP to Q67A

Q64. Would you strongly agree, somewhat agree, somewhat disagree, or strongly disagree that you were provided adequate information about this child's behavioral issues in 2011?

1. STRONGLY AGREE
2. SOMEWHAT AGREE
3. SOMEWHAT DISAGREE
4. STRONGLY DISAGREE
5. Not Sure

Q65. IF the child was placed in 2011, did you receive information about this child's behavioral issues within 30 days after she/he was placed in your home?

1. Yes
2. No
3. Child placed before 2011
4. Not sure

Here are some more questions about this child in the first half of 2011, from July through December.

Same Behavioral Health Provider

Q67A. In your opinion did this child ever have a mental health crisis, in the first half of 2011?

- 1 Yes
- 2 No → SKIP to Q67
- 3 Not sure → SKIP to Q67

Q67B. Did you attempt to get any mental health crisis services for this child in 2011?

- 1 Yes
- 2 No
- 3 Not sure

Q67C. Did this child receive any mental health treatment services for this crisis?

- 1 Yes
- 2 No → SKIP to Q67
- 3 Not sure → SKIP to Q67

Q67D. Were the mental health crisis services for this child provided in a timely manner?

- 1 Yes
- 2 No
- 3 Not sure

Q67. Where there any other times in 2011, that you attempted to get any mental health or substance abuse services for this child?

- 1 Yes
- 2 No → SKIP to Q77N
- 3 Not sure → SKIP to Q77N

Q68. Did this child receive these mental health treatment or substance abuse services?

- 1 Yes
- 2 No → SKIP to Q77N
- 3 Not sure → SKIP to Q77N

Q70. In 2011, were the mental health services for this child provided by one clinician or by a team of clinicians?

- 1 By just one clinician
- 2 By a team of clinicians
- 3 Not sure

Q71. During 2011, did the same clinician or team of clinicians provide services to this child or did this child/your foster child experience a change in clinicians or treatment teams?

- 1 The same clinician/ treatment team → SKIP to Q77N
- 2 Different clinicians/ treatment teams
- 3 Not sure → SKIP to Q77N

Q72. In your opinion was this change in clinician or team of clinicians necessary to maintain or improve the quality of care for this child/your foster child

1. YES
2. NO
3. OR YOU ARE NOT SURE

Adequate Support - A

Q77N. During the first half of 2011 were you aware of any shared case planning meetings that were scheduled about this child/your foster child? These are meetings to plan for the placement, treatment needs, or future of the child and include persons beside the caseworker such as service providers, therapists or the child's parents or relatives. They may include ISSP meetings, multiple placement staffing, FTDM meetings, CHET staffings or case conferences, but NOT meetings that were called on an emergency basis.)

1. Yes
2. No → SKIP to Q57
3. Not sure → SKIP to Q57

Q78. During the first half of 2011 how often did you receive timely notification at least 5 days prior, about these shared case planning meetings? Would you say . . .

- 1 ALWAYS
- 2 MOST OF THE TIME
- 3 ABOUT HALF THE TIME
- 4 RARELY
- 5 NEVER

Q57. During the first half of 2011, did the agency notify you about court hearings for this child within 10 working days prior to court hearings, excluding hearings called on an emergency basis?

- 1 YES
- 2 NO
- 3 OR WERE THERE NO COURT HEARINGS → SKIP to Q53

Q58. In the first half of 2011, did the agency notify that you have a right to be heard at these hearings?

- 1 YES
- 2 NO
- 3 Don't Know

Adequate Support - B

Q53. In the first half of 2011, about how often did this child's social worker have a private and individual face-to-face visit with this child, either at home or outside of the home, while the child was in your care? Would you say . . .

1. MORE THAN ONCE A MONTH
2. ABOUT ONCE A MONTH
3. ABOUT EVERY OTHER MONTH
4. ABOUT ONCE EVERY THREE MONTHS
5. ABOUT ONCE IN SIX MONTHS → Read Statement Below
6. NOT AT ALL IN THE FIRST SIX MONTHS OF 2011 → Read Statement Below
7. Not sure

If respondent answers #5 or #6: You indicated that this child's social worker has not had a private and individual face-to-face visit with this child more often than once in the last six months. This is a serious violation of DSHS policy, and I'd like to encourage you to contact the social worker's supervisor to report this violation. If you do not feel comfortable doing so, here is the phone number for DSHS Constituent Relations so that you can report the violation: 1-800-737-0617.

Medically Fragile Placements

Q33. In the first half of 2011 were you caring for a child identified by the agency as "medically fragile" (include only those children who remain in the custody of DCFS and not in guardianship)

1. Yes
2. No → SKIP to Q110
3. Not sure → SKIP to Q110

I'd like to read the definition of a "medically fragile" child to you:

Medically Fragile Children are those who have medical conditions that require the availability 24-hour skilled care from a health care professional or specially trained family or foster family member. These conditions may be present all the time or frequently occurring. If the technology, support and services being received by the medically fragile children are interrupted or denied, the child may, without immediate health care intervention, experience death.

Q33A. Given this definition of "medically fragile" children, would you say that this child for whom you care meets this definition?

1. Yes
2. No → SKIP to Q110
3. Not sure → SKIP to Q110

Q34. How many medically fragile children were you caring for in the first half of 2011?

_____ # MEDICALLY FRAGILE CHILDREN

Q35. Did you receive preparation and consultation to adequately care for this/these medically fragile child(ren)?

1. Yes
2. No
3. Not sure

Q38. In the first half of 2011 did you need medical care for this/these child(ren)?

1. YES
2. NO → SKIP to Q110
3. Not sure → SKIP to Q110

Q39. In 2011 were you connected to ongoing and appropriate medical care for this/these child(ren)?

1. YES
2. NO
3. Not sure

P-A-A-Y Questions

QR110. Was a child identified by the agency as physically assaultive or physically aggressive placed into your home during the first half of 2011, including only those children who remained in the custody of DCFS and not in guardianship.

1. Yes
2. No → SKIP to Q115
3. Not sure → SKIP to Q115

I'd like to read the definition of a "Physically Assaultive or Physically Aggressive" child to you:

Physically Assaultive or Physically Aggressive means those youth who have been observed to willfully assault a person with the potential of inflicting bodily harm to that person. This definition also includes youth who have made real threats to use a weapon or attempted to inflict harm to a person. Developmental level should be considered. A toddler who bites or hits is not considered physically assaultive.

Q110A. Given this definition of "Physically Assaultive or Physically Aggressive" children, would you say that this child you care for meets this definition?

1. Yes
2. No → SKIP to Q115
3. Not sure → SKIP to Q115

QR109. Have you received specialized training to care for a child identified as physically assaultive or physically aggressive, sometimes referred to as P-A-A-Y?

1. Yes
2. No
3. Not sure

QR111. Was a youth supervision and safety plan developed by the agency to support your care of this child?

1. Yes
2. No → SKIP to Q115
3. Not sure → SKIP to Q115

QR111A. Was the plan in written form?

1. Yes
2. No
3. Not sure

QR111B. Did the agency involve you in developing the youth supervision and safety plan?

1. Yes
2. No
3. Not sure

QR113. Did the plan meet the safety and supervision needs of the children in your home?

1. Yes
2. No
3. Not sure

S-A-Y Questions

QR115. Was a child identified by the agency as sexually aggressive placed into your home during the first half of 2011, including only those children who remained in the custody of DCFS and not in guardianship.

1. Yes
2. No → SKIP to Q94
3. Not sure → SKIP to Q94

I'd like to read the definition of a "Sexually Aggressive" child to you:

Sexually Aggressive Youth means those youth who have committed a sexually aggressive act or other violent act that is sexual in nature, whether or not they have been charged. This does not refer to developmentally normal exploration. The sexually aggressive acts should have involved power over the victim through age difference (normally four or more years) or force/coercion.

Q115A. Given this definition of "Sexually Aggressive" children, would you say that this child you care for meets this definition?

1. Yes
2. No → SKIP to Q94
3. Not sure → SKIP to Q94

QR114. Have you received specialized training to care for a child identified as sexually aggressive, sometimes referred to as S-A-Y?

- 1 Yes
- 2 No
- 3 Not sure

QR116. Was a youth supervision and safety plan developed by the agency to support your care of this child?

1. Yes
2. No → SKIP to Q94
3. Not sure → SKIP to Q94

QR116A. Was the plan in written form?

1. Yes
2. No
3. Not sure

QR116B. Did the agency involve you in developing the youth supervision and safety plan?

1. Yes
2. No
3. Not sure

QR118. Did the plan meet the safety and supervision needs of the children in your home?

1. Yes
2. No
3. Not sure

Adequate Support - C

The next few questions are about your interactions in the first half of 2011.

Q94. Overall how satisfied are you with the quality of help and support provided by this child's social worker in the first half of 2011? Would you say . . .

- 1 VERY SATISFIED → SKIP TO Q96
- 2 SOMEWHAT SATISFIED → SKIP TO Q96
- 3 SOMEWHAT DISSATISFIED
- 4 VERY DISSATISFIED
5. Not Sure → SKIP TO Q96

Q94A. What could the social worker do to improve its support to you as a foster parent?

_____ SOCIAL WORKER

Q96. Overall how satisfied are you with the quality of help and support provided by the agency in the first half of 2011? Would you say . . .

- 1 VERY SATISFIED → SKIP TO Q93
- 2 SOMEWHAT SATISFIED → SKIP TO Q93
- 3 SOMEWHAT DISSATISFIED
- 4 VERY DISSATISFIED
5. Not Sure → SKIP TO Q93

Q96A. What could the agency do to improve its support to you as a foster parent?

_____ **THE AGENCY**

Q93. How supportive is the agency in helping you deal with cultural or ethnic issues related to the care of this child during 2011? Would you say they are . . .

1. VERY SUPPORTIVE → SKIP TO Q87
2. SOMEWHAT SUPPORTIVE → SKIP TO Q87
3. SOMEWHAT UNSUPPORTIVE
4. VERY UNSUPPORTIVE
5. Not sure --SKIP TO Q87

Q93C. What could the agency do better to help you deal with cultural or ethnic issues related to the care of this child?

_____ **OPEN END**

Q87. In the first half of 2011, were there any times when you had a crisis or emergency related to your role as a caregiver and asked the agency for help?

1. Yes
2. No → SKIP to Q27
3. Not sure → SKIP to Q27

Q89. The last time you had a crisis or emergency related to your role as a caregiver in 2011, and asked the agency for help, did you get a timely response? Would you say. . .

- 1 YES, RIGHT AWAY
- 2 YES, BUT IT TOOK AWHILE
- 3 NO
- 4 Not sure

Adequate Training for Role Responsibilities

Q27. Overall, thinking about ALL of the training that you have had in the last three years, how adequately has it prepared you to care for the needs of foster children placed in your home? Would you say . . .

- 1 VERY ADEQUATELY → SKIP to Q144
- 2 SOMEWHAT ADEQUATELY → SKIP to Q144
- 3 SOMEWHAT INADEQUATELY
- 4 VERY INADEQUATELY
- 5 Already prepared – did not need the training → SKIP to Q144
- 6 Have not had any training → SKIP to Q144
- 7 Not Sure

Q27A. What training could the agency provide that would help prepare you to be adequately prepared to care for the needs of foster children?

_____ **OPEN END**

Demographics

Now, I have just a few questions about you for statistical purposes.

Q144. (ASK ONLY IF NECESSARY) For survey purposes, I need to ask, are you . . .

1. MALE
2. FEMALE

Q145. In what year were you born?

Q146. How would you describe the geographic area in which you live? Would you describe it as . . .

1. A RURAL AREA
2. A SMALL TOWN
3. A SUBURB
4. A CITY OR URBAN AREA
5. Not sure

Q147. Please tell me the racial or ethnic background that best describes you. [IWR: Read categories if R gives you a race or ethnicity that does not fit the list.]

- 1 American Indian
- 2 Black or African American
- 3 Asian, Hawaiian, or Pacific Islander
- 4 Hispanic or Latin American
- 5 Caucasian or White
- 6 Eskimo or Aleut
- 7 Multiple ethnicities
- 8 Some other ethnicity
- 9 Not Sure

Q148. What is the highest grade that you completed in school?

- 1 None, or grades 1 through 8
- 2 High school incomplete, grades 9 through 11
- 3 High school graduate, grade 12 or GED
- 4 Business, technical, or vocational school AFTER high school
- 5 Some college, but no degree
- 6 Associate (2-year) college degree
- 7 College graduate (4-year), BS, BA, or other
- 8 Post graduate training or professional school
- 9 Masters degree
- 10 Doctorate degree
- 11 Not Sure

Q149N. Last, I have a question about your household income in 2010, which is being asked to help in the recruitment and retention of foster parents. I am going to read several income categories. Please tell me which income category best describes your household income for 2010, before taxes and other deductions. Please stop me when I reach the correct income category.

1. A. Less than \$25,000
2. B. Between \$25,000 and \$50,000
3. C. Between \$50,000 and \$75,000
4. D. Between \$75,000 and \$100,000
5. E. Between \$100,000 and \$125,000
6. F. Between \$125,000 and \$150,000, or
7. G. Over \$150,000
- D. Don't know
- R. Refuse

QLAST Do you recall doing an interview with us in 2007, 2008, 2009, or 2010 about your foster care experiences?

- | | | |
|------------|-----|----|
| A. In 2007 | Yes | No |
| B. In 2008 | Yes | No |
| C. In 2009 | Yes | No |
| D. In 2010 | Yes | No |

Closing

That completes the survey. Your help is greatly appreciated. Thank you very much for taking the time to participate in this survey and share your opinions about these issues.

Section O. Next section is filled out by the interviewer about the quality of the interview
[CATI NOTE: Use standard interviewer questions]
