## Supporting Persons on the Autism Spectrum

Supporting individuals with Autism Spectrum Disorder can require unique and individualized supports. This course will provide an introduction to the diagnostic criteria based on the DSM-5 edition and explore how we can provide the best support possible for individuals living with Autism. It will look at specific strategies for supporting the individuals as well as the care providers.

Dr. Edward Fischer has worked over 15 years with individuals with developmental disabilities and Autism. He works for the Developmental Disabilities Administration in Region 3 with the Regional Clinical Team. He is also associate faculty at two universities where he teaches clinical and forensic psychology and serves as dissertation chair and committee member.
