

## Training Updates

- Developmental Disabilities Specialty Training is now only 2 days of in-class training, and 16 total training hours.
- Four training modules will be offered online with a study guide provided after completion.
- Online modules must be completed PRIOR to attending the 12-hour, in-class portion of training.
- You must register before the first day of class begins in order to attend the in-class portion of the training.
- Training is limited to 25 attendees and registration will be closed once all openings have been filled.
- You must bring the printed study guide from the online portion to the in-class training as proof of completing the online modules.

### Contact Your Local PQI Specialist to Register!

Training calendar and updates can also  
be found online at:
