Supporting Individuals with Autism Spectrum Disorder in the Home and Community 7 Module Series

**Lynnwood DDA (Training Room)
20311 52nd Ave W
Lynnwood, WA 98036**

March 6th, 2019 (Modules 1 & 2)
March 7th, 2019 (Modules 3 & 4)
April 3rd, 2019 (Modules 5 & 6)
April 4th, 2019 (Module 7)

An increasing number of adults affected with autism spectrum disorders (ASD) are being served by residential providers across the state of Washington. Individuals with ASD have a unique set of strengths and challenges that providers may often feel they do not have the specialized training to address.

This training series was developed to be both broadly applicable and to allow for individualization to the person(s) being supported.

Sessions will present an opportunity for residential support providers to develop the supports needed to increase client inclusion and/or independence in the home and community. Sessions will spend considerable time to include practical tips and strategies along with templates for creating supports.

Supporting Individuals with Autism Spectrum Disorder in the Home and Community

**Presented by
Nicolette Christians
&
Laura O'Rourke**

Dr. Nicolette Christians has over 20 years experience in the field of developmental disabilities. She holds a doctorate degree in Special Education from Vanderbilt University and is a Washington-state licensed Board Certified Behavior Analyst. She has been a faculty member at both Vanderbilt University and the University of Washington. Currently in private practice, Nicolette conducts functional assessments, designs positive support plans and consults with families, schools, supported employment, and residential providers across the Pacific Northwest.

Laura O'Rourke is the Executive Director of Behavior Bridges, LLC. Laura holds a Master of Science degree in special education from the University of Wisconsin, Madison and has been a Board Certified Behavior Analyst since 2006. She is also a Washington state Licensed Behavior Analyst and Licensed Mental Health Counselor. Laura has extensive experience developing and implementing behavior support services across environments and age ranges.
