

Developmental Disabilities Administration Client Hospitalization Tracking Report

2nd Quarter: April – June 2022

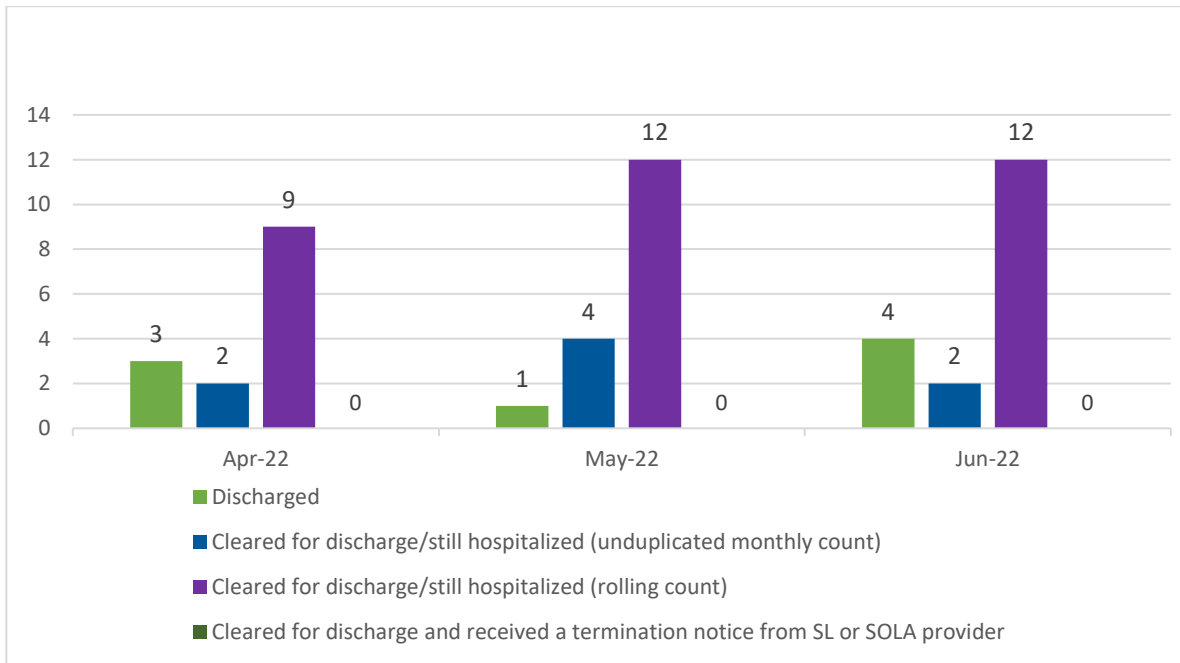

This report is provided in compliance with RCW 71A.12.360 and represents *only* those DDA clients who received residential habilitation services from certified residential service providers (Supported Living (SL) and State Operated Living Alternative (SOLA)) and were taken or admitted to a hospital. The report does not include hospitalization data beyond SL/SOLA.

Information in this report reflects April – June 2022 data and is not a year-to-date roll-up.

Data provided in this report:

- Number of clients taken/admitted to a hospital without a medical need
- Number of clients taken/admitted to a hospital with a medical need and unable to discharge once the medical need was met
- Location (county) and type of provider prior to admission
- Average length of stay for clients who remained in the hospital after they were cleared for discharge and their barriers to discharge
- Discharge location (county)
- Reason for SL/SOLA provider termination

Table 1.
