

Developmental Disabilities Administration Client Hospitalization Tracking Report

3rd Quarter: July - September 2021

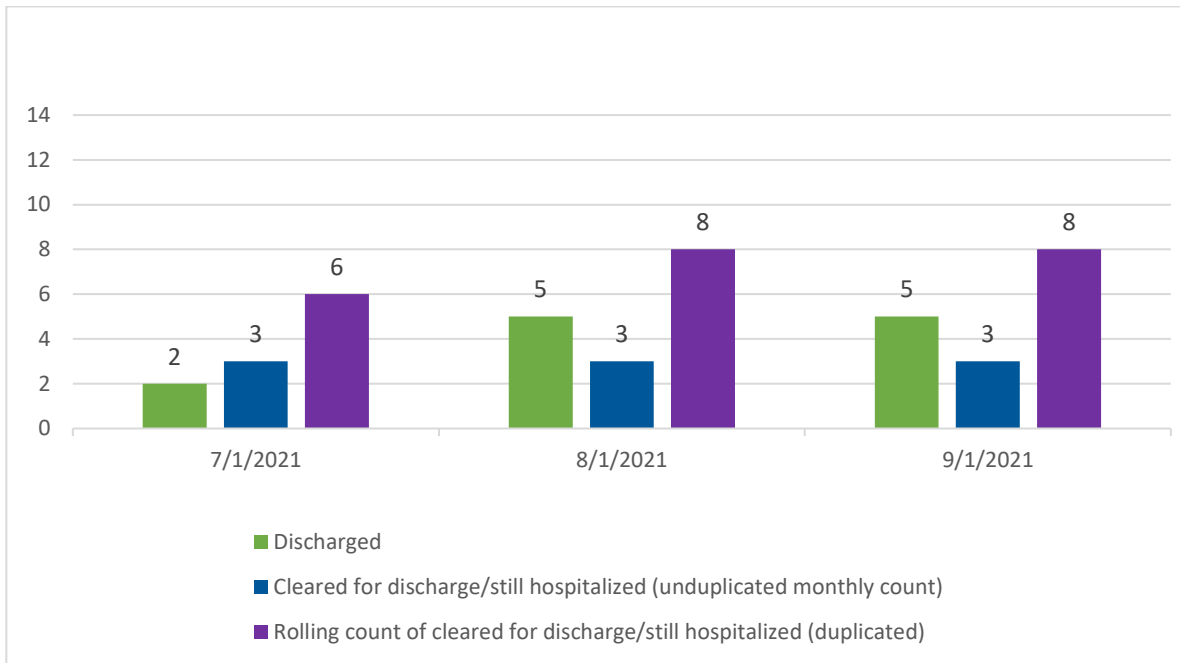

This report is provided in compliance with RCW 71A.12.360 and represents *only* those DDA clients who received residential habilitation services from certified residential service providers (Supported Living and State Operated Living Alternative (SOLA)) and were taken or admitted to a hospital. The report is not subject to any other DDA clients.

Information in this report reflects July - September 2021 data and is not a year-to-date roll-up.

Data provided in this report:

- Number of clients taken/admitted to a hospital without a medical need
- Number of clients taken/admitted to a hospital with a medical need and unable to discharge once the medical need was met
- Location (county) and type of provider prior to admission
- Each client's length of stay for non-medical purposes and barriers to discharge
- Discharge location (county)
- Reason for SL/SOLA provider termination

Table 1.
Clients Who Were Medically Cleared but Not Discharged and Clients Who Discharged

The purple column may include DDA clients who were cleared for discharge prior to the beginning of the current quarter.

Table 2.
Total Number of Clients Who Were Cleared for Discharge and Total Number of Clients Who Discharged

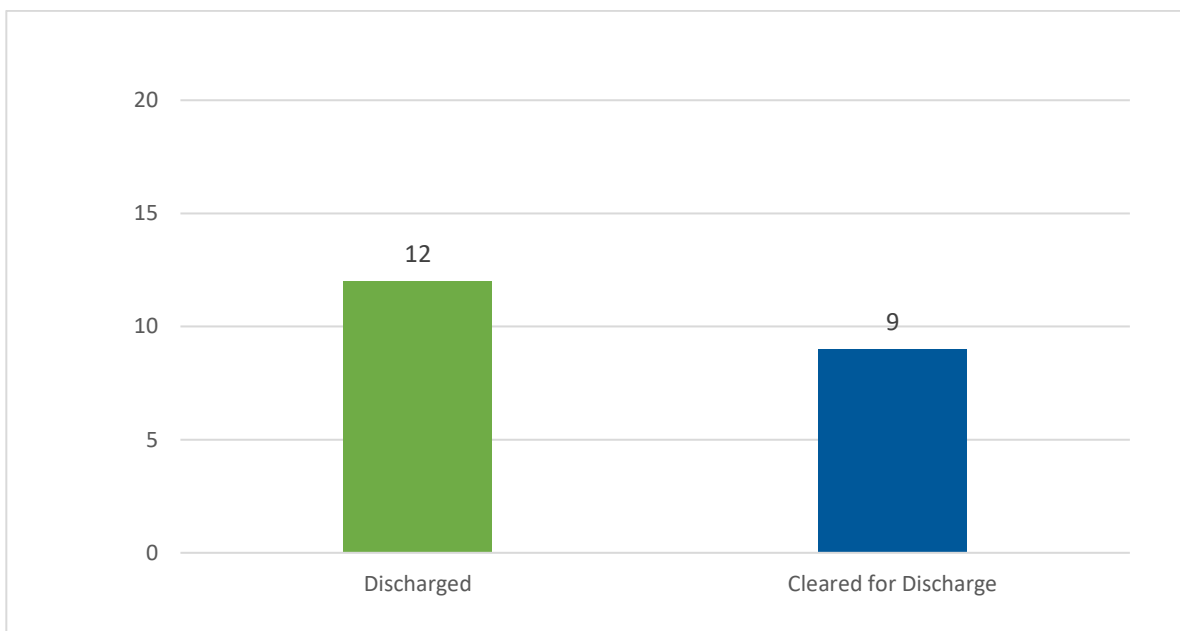

Table 3.
Clients Taken to an Acute Care Hospital Without a Medical Need

Clients Without a Medical Need					
Month of Admit	County at Admission	Provider Type at Admission	Month of Discharge	LOS	Provider Type at Discharge
There were no clients taken to an acute care hospital without a medical need in the Third Quarter of 2021 (July - September).					

Table 4.
County of Residence at Admission to an Acute Care Hospital for Clients Cleared for Discharge

Client Count – Cleared for Discharge by County		
County of Residence Prior to Admission	Number of Clients	Percentage of Clients by County
Clark	2	22.2%
Grant	1	11.1%
King	3	33.3%
Pierce	1	11.1%
Spokane	1	11.1%
Thurston	1	11.1%
Total	9	99.9%

Table 5.**Client Average Length of Stay (LOS) from Date the Client Was Cleared for Discharge to End of Reporting Month with Client's Identified Barriers to Discharge**

Client Average Length of Stay with Barriers to Discharge			
Month	# of Clients	Average LOS (days)	Identified Barriers
July	6	153	Not behaviorally stable; Active referrals submitted – No provider identified; Provider needs time to find housing and staff; Unable to access MH bed; Family unable to support
August	8	73	Unable to access MH bed; Active referrals submitted – No provider identified; Provider needs time to find housing and staff
September	8	56	Active referrals submitted - No provider identified; Provider needs time to find housing and staff;

Data represents clients identified in Table 1. Each client's length of hospital stay for nonmedical purposes is available upon request.

Table 6.**Discharge Provider Type for Clients Admitted to an Acute Care Hospital**

Clients Discharged by Provider Type		
Provider Type	Number of Clients Discharged	Percent of Clients by Provider Type
Adult Family Home	2	17%
Homeless	1	8%
Other Psych Facility	2	17%
RHC	1	8%
Skilled Nursing Facility	1	8%
SOLA	1	8%
Supported Living	4	33%
Total	12	99% (100%)

Table represents clients who discharged from acute care hospitals in the 3rd quarter of 2021 whose original residence type was either Supported Living or SOLA.

Table 7.
Clients Admitted to an Acute Care Hospital and County of Residence Upon Discharge

County of Residence Upon Discharge		
County at Discharge	Number of Clients Cleared for Discharged	Percent of Clients by County
Clark	1	8.3%
King	4	33.3%
Pierce	4	33.3%
Snohomish	1	8.3%
Spokane	1	8.3%
Thurston	1	8.3%
Total	12	99.8% (100%)

Table 8.
SL/SOLA Provider Termination Data

SL/SOLA Provider Termination Data		
Month of Termination	Number of Clients	Reason for Termination
There were no SL or SOLA provider termination notices to clients in the Third Quarter of 2021 (July - September).
