

Developmental Disabilities Administration Client Hospitalization Tracking Report

4th Quarter: October - December 2021

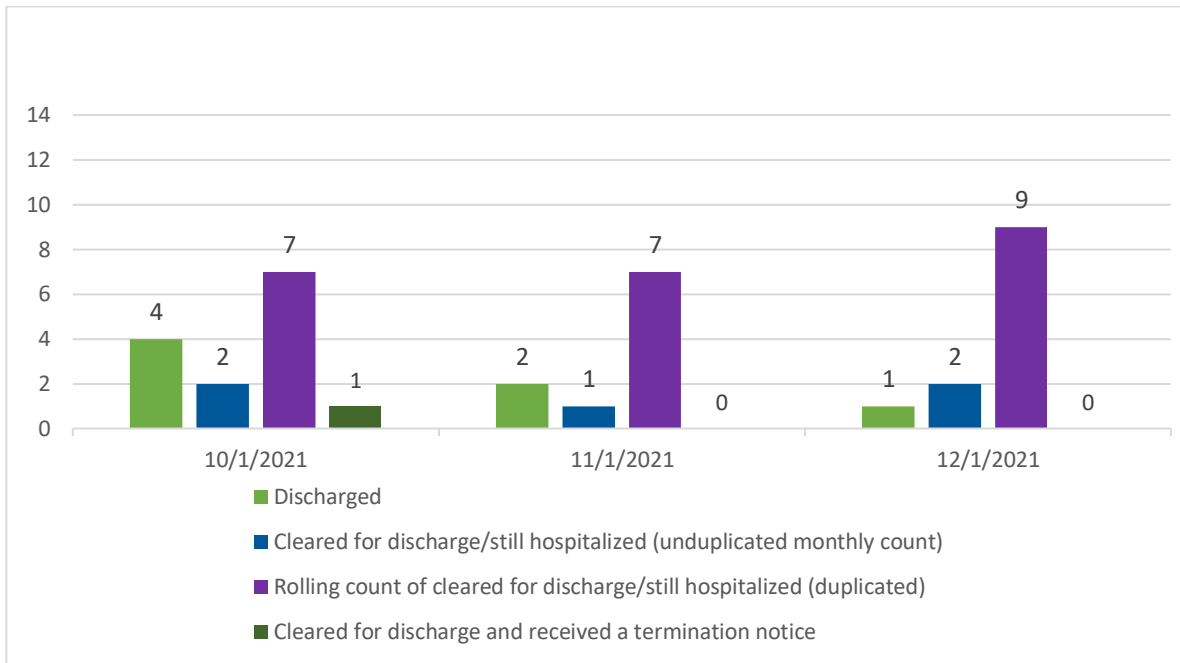

This report is provided in compliance with RCW 71A.12.360 and represents *only* those DDA clients who received residential habilitation services from certified residential service providers (Supported Living and State Operated Living Alternative (SOLA)) and were taken or admitted to a hospital. The report is not subject to any other DDA clients.

Information in this report reflects October - December 2021 data and is not a year-to-date roll-up.

Data provided in this report:

- Number of clients taken/admitted to a hospital without a medical need
- Number of clients taken/admitted to a hospital with a medical need and unable to discharge once the medical need was met
- Location (county) and type of provider prior to admission
- Average length of stay for clients who remained in the hospital after they were cleared for discharge and their barriers to discharge
- Discharge location (county)
- Reason for SL/SOLA provider termination

Table 1.
Clients Who Were Medically Cleared but Not Discharged and Clients Who Discharged

The purple column may include DDA clients who were cleared for discharge prior to the beginning of the current quarter.
