Jameson Hope Lending Library

The Jameson Hope Lending Library was created in 2007 in memory of **Jameson Race Coonts**, a young boy whose presence had a way of inspiring and touching the lives of the people he met.

Without saying a word, Jameson was able to teach us about determination and the importance of kindness.

He taught us to make the most out of every day and to let go of worries that are out of our control.

Jameson taught people more in his short five years with us than they could have learned in a lifetime.

The Arc of Snohomish County Mission Statement

“To empower persons with developmental disabilities to increase their independence and quality of life, while offering encouragement and support to their families.”
