BACKGROUND

In March 2005, the Developmental Disabilities Administration (DDA) issued the Complaint/Grievance Policy. This policy provides the Administration with a consistent process for tracking and responding to complaints made by clients and/or their families, legal representatives, or advocates.

PURPOSE

This policy establishes procedures for implementing the DDA Complaint/Grievance Policy. The policy provides direction to Administration employees on required follow up related to complaints made by clients, families, and advocates.

SCOPE

This policy applies to all Administration employees.

Complaints that are within the scope of this policy include complaints about DDA services and supports, Administration employees, contracted service providers, and client interactions and relationships.

The following types of complaints are outside the scope of this policy as they are addressed through separate processes:

1. Allegations of abandonment, abuse, neglect, exploitation, and financial exploitation of a child or vulnerable adult. These must be reported immediately to Adult Protective Services (APS), the Complaint Resolution Unit (CRU), or Child Protective Services (CPS), as appropriate;
2. Client disputes about services that have been denied, reduced, suspended, or terminated. These are resolved through the Administrative Hearing process;
3. Client disputes about services that have been requested or authorized through an exception to rule (ETR) which have been denied, reduced, or terminated. Disputes about ETRs are handled by a separate ETR committee; and
4. Complaints received from DSHS Constituent Services. Follow the requirements and process described in DSHS Administrative Policy 8.11, *Complaint Resolution and Response Standards*.

DEFINITIONS

Grievance means an allegation by a client or the client's legal representative that the client has been treated unfairly. The intent of grievance guidelines is to resolve the dispute. Clients may file grievances without fear of reprisal.

Complaint means an allegation of a violation of DDA policy or procedures related to client supports or services by an Administration client or customer. The complaint expresses dissatisfaction with a specific action or service of DDA.

POLICY

- A. DDA staff will strive to address complaints at the lowest possible level. Complaints can be received at any level of the organization. However, the complaint will be referred back to the Case Resource Manager/Social Worker (CRM/SW) for action, unless the complainant specifically requests it not be.
- B. Legal authorization from the client or a personal representative is required to share information with persons outside DSHS unless otherwise authorized by law. Authorization from the client is not required when responding to correspondence assignments or inquiries from the Governor's Office as part of the administration of DSHS programs.
- C. Communication to complainants will be made in their primary language if necessary.
- D. DDA will maintain a complaint tracking database to log and track complaints as specified in the Procedures section of this policy.
