weapon.

Community Residential Services Program Manager will review the report of weapon
ownership. A decision will be made within 30 days to either follow the plan described in
the form, or consult further with the Assistant Attorney General (AAG) for the purpose of
balancing the rights of the individual with the safety of others.

D. The Resource Manager will send the completed form to the client, the service provider,
and the case manager and a copy will be maintained in both the DDA client file and the
