# Introduction

# People Served by the Economic Services Administration (ESA)

Nearly one out of every three Washington residents turns to the Economic Services Administration (ESA) in the Department of Social and Health Services for assistance with cash, food, child support, child care, disability determination, transition to employment, and other services. Each day, more than 4,000 ESA employees provide families and individuals across the state with the resources and support they need to transform their lives. In State Fiscal Year (SFY) 2014, ESA served more than 2.25 million people – representing approximately 33 percent of all Washington State residents.

### ESA's core services focus on:

- Poverty Reduction & Self-Sufficiency— helping low-income people meet their basic needs and
  achieve economic independence through cash grants, food, and medical assistance; employmentfocused services; and subsidized child care. Major programs include Temporary Assistance for
  Needy Families (TANF) and WorkFirst (Washington's welfare to work program); Basic Food (formerly
  known as food stamps); Aged, Blind or Disabled; Pregnant Women Assistance; Refugee Cash
  Assistance; Working Connections Child Care; and medical assistance.
- Child Support Enforcement & Financial Recovery— ensuring parents live up to the responsibility of
  supporting their children and improving the self-sufficiency of families through increased financial
  and medical support. In addition to child support, the collection of other debts owed to the Department helps the Department meet current expenditures while supporting programs that provide
  financial assistance, medical care and other benefits and services to the state's most vulnerable
  residents.
- **Disability Determination** determining whether individuals applying for Social Security disability benefits have a medical condition that prevents them from working. Under contract with the Social Security Administration, Disability Determination Services determines whether individuals qualify for benefits from the Social Security Administration and for medical assistance.

#### **ESA Offices**

ESA's Community Services Division (CSD) provides direct client services to the public through a network of 52 local Community Services Offices – 38 full service offices and 14 branch offices. Services are also provided through a variety of outstationed staff in different communities, two Mobile Community Services Offices, and a single statewide Customer Service Contact Center.

ESA's Division of Child Support (DCS) consists of a headquarters office and nine field offices throughout the state.

A map of ESA's three service delivery regions can be found in Appendix 2.

### **ESA Partnerships**

ESA works collaboratively with community partners to carry out programs and initiatives that help vulnerable adults, children and families meet their basic needs and achieve economic self-sufficiency. For example:

• Employment and training services are provided by a combination of staff from the Employment Security Department, colleges, community action agencies, and nonprofit agencies.

## Introduction

- To ensure eligible individuals are connected to food benefits, local Community Services Offices work
  with a variety of community-based organizations, such as food banks, Basic Food outreach
  contractors, and other organizations that advocate for children and families.
- WorkFirst services are provided through regional contracts with community-based organizations, including agencies that offer services to persons with limited English proficiency (LEP).
- ESA clients use their Electronic Benefits Transfer (EBT) card to access their cash and food assistance benefits through ATMs and point of sale machines at participating retailers/businesses across the state.
- ESA staff work with Indian Tribes on a government-to-government basis consistent with the principles of Tribal self-governance embodied in the Centennial Accord and DSHS Administrative Policy 7.01.
- People can apply online for a variety of state and federal benefit programs through the Washington Connection website, with portal access available at more than 900 community partner sites around the state.
