Expenditures Overview

DSHS Budget Overview

General Fund - State appropriations for DSHS represented 16.0% of total statewide General Fund-State appropriations as of the 2015-17 Biennium budget through the 2015 Supplemental budget. General Fund-State appropriations for ESA represented 15.0% of the total DSHS General Fund-State appropriations, as of the 2015-17 Biennium budget through the 2015 Supplemental budget.

Expenditures

State expenditures for programs such as Temporary Assistance for Needy Families (TANF) and child care assistance are affected by block grants. Block grants place a “lid” on the amount of federal funding available.

Federal law requires states to maintain “historic levels of spending” for the programs consolidated in the TANF block grant. This state spending is known as Maintenance of Effort (MOE). Failure to spend state dollars at that level can result in a reduced federal block grant payment and require increases in state spending. States must spend at least 80% of what they spent historically on these programs based on their 1994 spending levels.

The chapter summarizes ESA expenditure data for the 2013-15 Biennium and projected expenditures for the 2015-17 Biennium. The information is divided into three sub-sections:

- Cash Grant Assistance
- WorkFirst
- Administrative

WorkFirst

This sub-section shows actual and projected expenditures for the WorkFirst program. The table presents:

- Child care expenditures
- Direct services reflecting state service delivery by DSHS, Department of Commerce, State Board for Community and Technical Colleges, Employment Security Department, and non-state third-parties.
- Client support service costs (i.e., costs for services provided directly to clients such as transportation, tuition and books)
