

**Basic Food Employment and Training (BFET) Program
Participant Reimbursement Directory FFY20**

Participant reimbursements (PR) (support services) are transitional by nature and are not an ongoing supplement. They are intended to help the participant during their participation in any BFET activities to include employment. Participant reimbursements are not an entitlement, and must be carefully managed.

Participant Reimbursement should be reasonable and necessary to engage in a BFET activity. A cost is reasonable if, in its nature and amount, it does not exceed that which a prudent person would pay under the circumstances prevailing at the time the decision was made to incur this cost. Necessary costs are incurred to carry out essential functions, cannot be avoided without adversely affecting participant outcomes and do not duplicate existing efforts.

When providing PR expenses, the following must be completed: Participant Reimbursement Form and documentation in eJAS justifying expenses and receipts of expenditures. This information must be maintained in the participant file.

Other resources should always be considered prior to utilizing BFET funds for PR. Cost’s limits on categories are applicable if listed.

SERVICE DESCRIPTION	GUIDANCE
BOOKS & TRAINING SUPPLIES	
Tools/Books/Supplies - Tools or supplies required by an employer or instructional training program. Must have employer or training program verification that tools or other supplies are needed.
