In DCS, a Tribal Unit case is one in which **one or more** of the following exists:

- A noncustodial parent (NCP) who is a member of a federally recognized Washington tribe.
- An NCP who is employed by the tribe, a tribal enterprise, or an Indian owned business located on a reservation or trust land.
- A party included under a cooperative child support process or agreement.
- A party receiving services from:
  - A Tribal TANF (Temporary Assistance for Needy Families) program.
  - A Tribal IV-D program.
  - Both Tribal TANF and Tribal IV-D programs.
- A case involving other tribal issues. Consult your local Tribal Liaison or Tribal Claims Officer.
  - **For example:** A local field office may define tribal cases as a case:
    - Associated with a Tribal TANF case,
    - Involving any NCP living on a reservation, or
    - Involving a party who filed a child support action in Tribal Court.

In the Spokane Office, DCS has created a specialized caseload managed by Glenn Tunick with the following criteria:

- All NCP's and/or joint noncustodial parents (JNCP) Kalispel Tribal members.
- NCP's and/or JNCP's working for the Kalispel Tribe, tribal business or enterprise.
- All paternity/order establishment cases if either the NCP / CP are Kalispel Tribal members.
- All NCP cases related to one of the above criteria.

NCP = Non Custodial Parent, the person paying child support

JNCP = Joint Non Custodial Parent, the spouse of the NCP and other biological parent of the child

CP = Custodial Parent, the person receiving child support
