Subject: 5/4/11 Agenda for Post secondary educational support meeting

Hello everyone,

For the meeting this week I would like discuss the following sections of the statute:

(3) The child must enroll in an accredited academic or vocational school, must be actively pursuing a course of study commensurate with the child's vocational goals, and must be in good academic standing as defined by the institution. The court-ordered postsecondary educational support shall be automatically suspended during the period or periods the child fails to comply with these conditions.

(4) The child shall also make available all academic records and grades to both parents as a condition of receiving postsecondary educational support. Each parent shall have full and equal access to the postsecondary education records as provided in RCW [26.09.225](#).

(5) The court shall not order the payment of postsecondary educational expenses beyond the child's twenty-third birthday, except for exceptional circumstances, such as mental, physical, or emotional disabilities.

I think we should discuss any changes that we feel should be added to or taken away from these sections that would make it more fair for all family members involved.

We need to come up with meeting times that everyone can fit into their busy schedules.

We will take public comments in the middle and at the end of the call.

Thank you

Tim
