Mail Stop	45534
Phone	725-1343
Email	KOZAKSJ@DSHS.WA.GOV

**REMOVE**

**INSERT**

Clarifying information for this chapter, which contains WACs 388-475-1000 – 388-475-1250, regarding general eligibility requirements and related staff procedures for SSI-related medical programs for individuals who are working.

**Summary**

This revision is done to provide clarification that the test for earnings at the substantial gainful activity (SGA) level may be waived when determining eligibility for SSI-related medical, if the individual continues to receive Title 2 cash benefits, just as it is waived for those with Medicaid protections under 1619(a) and (b) of the Social Security Act. When the SGA test cannot be waived, then HWD is the only option for SSI-related Medicaid.
