GF-State	\$0	\$0	\$0
Total	\$0	\$0	\$0

DECISION PACKAGE SUMMARY

The Behavioral Health and Service Integration Administration (BHSIA) requests a placeholder for an adjustment to the new Medicaid managed care rates under which the public mental health managed care system will operate. By funding this request, BHSIA will be in compliance with the 1915(b) waiver that mandates rates be actuarially sound and certified.

PROBLEM STATEMENT

BHSIA is working with Mercer to rebase the Medicaid managed care rates effective January 1, 2014. In accordance with the Centers for Medicaid and Medicare Services (CMS) regulations 42 CFR 438, rates must be actuarially sound and developed by a credentialed actuary.

PROPOSED SOLUTION

Funding will be needed to update the Medicaid managed care rates as required by CMS.

EXPECTED RESULTS

The Medicaid managed care rates will be updated appropriate for the covered populations and benefit package in accordance with actuarial certification reviewed against CMS rate setting checklist.

STAKEHOLDER IMPACT

The Regional Support Networks have been briefed by Mercer.
