The following Code of Ethics outlines the guiding principles that should underlie the actions of all individuals and organizations delivering DVR Services to Consumers. Consumers are current DVR Clients, students who are potentially eligible for VR services who are recipients of DVR Pre-employment Transition Services (PreETS), or other individuals who are neither a current DVR client nor a current recipient of PreETS but who are eligible for a service under a DVR contract. The Standards of Practice describe how the Code of Ethics should be applied operationally. These standards will provide a foundation and basis of adjudication should DVR learn of possible ethical violations on the part of DVR Services Contractors who interact with Consumers as defined above.
