**CCSP AUTHORIZATION LETTER**

**DSHS 07-105 TI (REV. 02/2019) Tigrigna**
"At the end of the day, it is possible to outline the following principles: 1. The child's development is not just about the child. It is also about the support system that the child lives in. This support system includes the parents, the community, and the professionals who work with the child. 2. Developmental screening is not just about identifying problems. It is also about identifying strengths. 3. Early intervention is critical. The earlier a problem is identified, the better the chances of successful intervention. 4. The child's development is a continuous process. It is not just about one test. It is about understanding the child's development over time. 5. The child's development is not just about the child. It is also about the family and the community. These principles guide the child development screening public of Administrative Hearings, P.O. Box 42489, Olympia, WA 98504-2489.

For more information on how to access these principles, please visit the website of the Office of Administrative Hearings at www.rah.wa.gov. This website provides information on how to access the child development screening public of Administrative Hearings.

If you have any questions or concerns, you can contact the DSHS Customer Service Contact Center at 1-800-322-2588. You can also visit their website at www.parenthelp123.org/child-development/child-development-screening-public.

In case of an emergency, you can contact the Washington State Child Protection Hotline at 1-866-363-4276. If you are in Olympia, you can contact the Washington State Child Protection Hotline at 1-877-501-2233.
