

DEVELOPMENTAL DISABILITIES ADMINISTRATION

Medically Intensive Children's Program (MICP) Application and Instructions

This application is required for the Developmental Disabilities Administration (DDA) to process a request for skilled private duty nursing for children age 17 years and younger who meet the coverage criteria per WAC 182-551-3000.

Minimum criteria used to determine eligibility includes the following requirements. The child:

- Is enrolled in the Medicaid program and eligible for the categorically needy (CN) or medically needy (MN) scope of care, specifically Fee for Service; and
- Requires at least four (4) continuous hours of **skilled nursing** care per day that can be provided safely outside of an institution.

The MICP Program Manager authorizes services only after review of the application, and only after program eligibility for the child has been determined, and reviewed by DDA clinical staff.

Once a complete MICP Application is received, the determination of MICP nursing eligibility can be made within 15 days. If it is anticipated that the child's individualized support needs are unable to be met in the family home, the DDA Case / Resource Manager is required to complete an assessment and meet with the child's parent/legal guardian to discuss out-of-home respite and Voluntary Placement Services if determined to be clinically eligible Washington State Medicaid is the payer of last resort for MICP services. DDA assessed hours are not in addition to hours paid by other sources. Authorization of services does not guarantee payment to providers.

If the child is not already enrolled in DDA services, a DDA application must also be submitted with the MICP application. See the forms listed below for DDA application.

These are the forms needed to be completed for DDA application: DSHS 14-012, Consent, DSHS14-151, Request for DDA Eligibility Determination, and DSHS 03-387, Notice of Privacy Practices for Client Confidential Information are available at [DSHS Electronic Form Site](#)

The completed application and supporting documents must be sent to BOTH contacts listed below:

- The MICP Program Manager by preferred method of secure e-mail to MICP@dshs.wa.gov or fax 360-407-0954

Applications will not be processed until all information is received, boxes are checked for required information included in the packet and consent is signed by parent / guardian.

Funding Sources

Check all that apply whether nursing care is paid by the funding source or not.

- Medicaid Fee for Services **(Required)**
- SSI
- Managed Care Plan (Would not qualify for MICP since Managed Care Plan would pay for nursing)
- Private insurance

Note: Your private insurance company may be required to cover the cost of private duty nursing, even if they have denied you this benefit. You may only have a limited time to appeal a denial or termination. If you are experiencing difficulties with your private insurance company, you should reference the law that requires some private insurance companies to cover private duty nursing (WAC 284-96-500 and WAC 284-44-500) and contact the Office of the Insurance Commissioner's hotline at 1-800-562-6900 for assistance resolving a dispute.

If the client has private insurance, the following information is required:

1. Name of insurance company: _____
2. Describe coverage for private duty nursing (e.g., what is covered, for how long, and what the maximum dollar limitations are for home nursing):

3. If insurance is now or will be paying for private duty nursing, how many hours per day will they be authorizing?
___ hours per day
