ON-SITE VISIT DATE(S) (MM/DD/YYYY) | ADULT FAMILY HOME NAME

Expectation:
It is expected that the new staff member would have participated in the RCS Orientation and performed an observation only inspection prior to the experience of a re-inspection.

Key Elements:
- Peer Coach (PC)

Staff Member Preparation:
- Review the Principles of data collection.
- Review the Principles of Observation of Care.
- Reviewed areas and process for Kitchen / food services, internal and external environmental review and emergency and disaster preparedness

Place appropriate observed code next to each critical element. When appropriate, the Peer Coach should describe in the “notes sections” the event that led to the coding within the section and identify and add specific opportunities for growth in needed areas.

1. Pre-Inspection Preparation
The purpose of this task is to gather and analyze various sources of information regarding the AFH’s history and current issues.

Staff Member Preparation:
- Review the Adult Family Home (AFH) Licensing Re-Inspection Process.

Objectives / Critical Elements:
- O DC D I NA

- Gathered and reviewed licensing file and tracking system information for past issues / concerns identified in previous inspections and complaints, number of licensed beds, specialty status and exemptions.
- Contacted previous licensor if available within our division, case manager, ombudsman and complaint investigator to determine possible issues and concerns. Inspection dates were kept confidential.
- Identified potential problems and issues.
- Familiarized with the layout of the home by reviewing the building inspector report or the room list and floor plan from the licensing file.
- Gathered appropriate materials and forms for the process.
- Used appropriate form to document information gathered for pre-inspection.
- Did not remove licensing files from the Regional Office.

NOTES
2. Entrance

**Staff Member Preparation:**
- Review the procedures for entrance when only residents are in the home.
- Review the procedures for instances where the licensor or complaint investigator is denied entrance to the home.

**Objectives / Critical Elements:**

<table>

- Inspection was unannounced.
- Introduced self and provided business card and/or state identification card to caregiver or licensee.
- Reviewed in a clear and concise manner the purpose and expectations of the visit and explained the re-inspection process. (If person who answers the door was not the licensee suggested they notify the licensee of the re-inspection).
- Contacted the Field Manager for assistance when appropriate.
- Obtained information about special features of the home such as pets, multiple levels of the home and who else resides in the home.
- Requested a place to work. Built a working rapport with the licensee / caregiver.
- Introduced self to the residents, visitors and other staff and explained why they were there.
- Obtained a list of the current residents and caregiver staff in the home.
- Provided licensee/staff the list of documentation needed following the tour (forms B and C).

**NOTES**

3. Tour

The purpose of the tour is to provide the licensor with an overview of the residents, the staff and the physical environment regarding care, quality of life and safety.

**Objectives / Critical Elements:**

<table>
<thead>
<tr>
<th>DC</th>
<th>D</th>
<th>I</th>
<th>NA</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td></td>
<td></td>
<td></td>

- Demonstrated ability to gather sufficient appropriate information: observations of resident care, interviews of residents and families, staff interactions with residents and record reviews to identify if care and services are being provided for residents.
- Observed for required postings of the Complaint Resolution Unit Hotline, Ombudsman phone numbers, and the home’s emergency evacuation plan. If not readily visible, asked for location.
- Observed all of the residents’ appearance and well-being. Identified through observations and interviews potential resident problems. Identified potentially interviewable residents.
- Introduced self and/or requested the licensee / staff to introduce them to the residents, visitors and other staff and explained why they were there.
- Requested licensee / staff identify residents who were newly admitted, planning to transfer or discharge in the next 30 days, recently hospitalized, receiving nurse delegation services and others who were receiving services provided by an outside agency such as home health, hospice or mental health.
- Conducted the external and internal physical inspection in a systematic manner focusing on the cleanliness, safety and comfort of the resident.
- Identified physical safety hazards and concerns.
- Observed for homelike environment and safety issues in areas: infection control, laundry, pets, kitchen and food service areas.
- Requested licensee / staff to conduct a manual check of each smoke detector, if not hard wired. If hard wired, checked one detector.
- Performed a review and observation of the home’s emergency and disaster preparedness.
- Identified residents who expressed concerns or appeared to have unmet care and service needs.
- Determined the reason for residents’ absence if residents were absent from the home.
- At the end of the tour, provided licensee / staff the list of documentation needed and a list of sample residents. Requested the negotiated care plans of the sample residents.
4. Resident and Staff Sample

Staff Member Preparation:
- Review resident sample selection procedures.
- Review staff sample selection procedures.

Objectives / Critical Elements:

- [ ] Correctly determined resident sample.
- [ ] Choose resident sample from residents with diverse care and service needs.
- [ ] Expanded sample appropriately when needed to investigate specific concerns or to identify the scope of the concern.

5. Interviews

The purpose of interview is to focus on the resident, the licensee and/or staff and collateral contacts.

Staff Member Preparation:
- Review the principles for resident, staff and collateral interviews.
- Review the procedures for interviews.

Objectives / Critical Elements:

- [ ] Expanded sample appropriately when needed to investigate specific concerns or to identify the scope of the concern.
- [ ] Conducted a cursory review (5 minutes) of the sample residents’ negotiated care plans.
- [ ] Documented any issues or concerns to be used during resident interview. Documented questions asked and answers given.
- [ ] Obtained permission from resident for the interview, conducted the interview ensuring for privacy and comfort. Interview was performed following the basics of interviewing and following the principles and procedures within the process.
- [ ] Conducted staff/licensee interviews.
- [ ] Interviewed all sample residents who could be interviewed.
- [ ] If present, interviewed collateral contacts for residents who could not be interviewed. Conducted collateral contact interviews and clearly identified any issues or concerns. If all residents interviewable, conducted at least one Collateral contact interview.
- [ ] If Collateral contacts not available during inspection, contacted a collateral contact upon return to the office.

6. Observation of Care and Services

The purpose of the observation of care is to provide the opportunity to determine if the interventions identified in the negotiated service plan have been implemented and that the resident is receiving appropriate care and services.

Staff Member Preparation:
- Review observation principles.
- Review procedures for informal and formal observations.
### Objectives / Critical Elements:

- **O** DC D I NC
- Observed care needs of sample residents with focus on quality of care provided, resident choice, dignity, quality of life and privacy.
- Observed for sufficient staffing to provide for care and needs of residents.
- Identified if staff were knowledgeable about the residents and their needs.
- Identified if residents care needs and quality of life needs were being met.
- When needed, adjusted the inspection time and process steps in order to observe tasks associated delegated care.
- Recorded observations at a level required to be used as evidence to support a statement of deficiency and/or enforcement action.

### NOTES

**7. Medication Services**

To provide the licensor with an overview of the medication services including the delivery documentation and storage.

**Staff Member Preparation:**
- Review the medication service operational principles.
- Review the statutory requirements for medication assistance / administration.

**Objectives / Critical Elements:**

- Observed medication storage areas for locked storage and medications in organizers or original containers.
- Observed staff during medication assistance/administration; recorded observations and identified issues appropriately.
- Identified whether the staff provided medication assistance/administration safely and appropriately.
- Reviewed medication records for: correct identification of medication needs, negotiated care plan care directives and correct documentation of training and delegation of staff.
- When needed, adjusted the inspection time and process steps in order to observe medication assistance and delegated care tasks involved with medications.

### NOTES

**8. Food Services**

To give the licensor an overview of the home’s food service operation for residents.

**Staff Member Preparation:**
- Review food safety regulations for proper storage and handling.

**Objectives / Critical Elements:**

- Observed resident dining and focused on resident’s nutritional needs and preferences.
- Interviewed residents about food, dining, preferences and choice.
- Observed food storage and preparation by caregivers. Observed if residents were assisting in food preparation and determined if this activity was documented on negotiated care plan.
- Observed for infection control issues and food handling and sanitary practices.
- Interviewed staff regarding training and orientation about food services and safe food handling practices.
- Identified issues and concerns of residents.
- When needed, adjusted the inspection time and process steps in order to observe meals and food preparation.
9. Abuse and Neglect Prevention Review

To evaluate the home’s practices in prohibiting abuse, neglect, involuntary seclusion, misappropiate of property and restraints.

**Staff Member Preparation:**
- Review mandatory reporting regulations and regulations related to restraints.

**Objectives / Critical Elements:**

<table>
<thead>
<tr>
<th>O</th>
<th>DC</th>
<th>D</th>
<th>I</th>
<th>NA</th>
</tr>
</thead>
<tbody>
<tr>
<td>Observations and interviews were focused on resident protection, safety and quality of life.</td>
<td>Observed and identified any symptoms of abuse or neglect and investigated the issues thoroughly.</td>
<td>Observed resident-to-resident interactions.</td>
<td>Interviewed residents and staff regarding the use of restraints.</td>
<td>Observed for and conducted interviews of staff and residents regarding abuse, neglect, involuntary seclusion, misappropriation of property, the use of restraints and mandatory reporting requirements.</td>
</tr>
</tbody>
</table>

10. Resident and Staff Record Review

To determine if the assessment and plan reflect the sample residents’ care and service needs and to validate or clarify observations and interview data. To determine whether staff have the required credentials and are appropriately trained to care for residents.

**Staff Member Preparation:**
- Review procedure for evaluation of the resident records.
- Review procedure for expanding the resident sample.
- Review procedure for closed record review.
- Review staff record review operational principles and procedures.
- Review staff caregiver training requirements.

**Objectives / Critical Elements:**

<table>
<thead>
<tr>
<th>O</th>
<th>DC</th>
<th>D</th>
<th>I</th>
<th>NA</th>
</tr>
</thead>
<tbody>
<tr>
<td>Reviewed the appropriate current resident sample and closed resident records if appropriate. Closed records were only reviewed if issues were identified that involved a resident no longer residing in the home.</td>
<td>Review was resident-centered focusing on resident safety, provision of care and services and quality of life.</td>
<td>Validated or clarified data obtained in record review with observations and interviews.</td>
<td>Identified if the assessment and negotiated care plan reflected the residents’ care and service needs.</td>
<td>Identified and reviewed an expanded resident and/or staff sample when appropriate.</td>
</tr>
</tbody>
</table>

NOTES
To assist the licensor to gather, organize and prepare information to present at the exit.

**Staff Member Preparation:**
- Review management bulletins on exit preparation and communication with providers.

<table>
<thead>
<tr>
<th>Objectives / Critical Elements:</th>
</tr>
</thead>
<tbody>
<tr>
<td>O DC D I NA</td>
</tr>
<tr>
<td>□ □ □ □ □ Demonstrated ability to gather sufficient evidence: observations, interviews with residents and facility staff and record reviews in order to identify deficient practice.</td>
</tr>
<tr>
<td>□ □ □ □ □ Analyzed data and correlated to the appropriate WAC’s and RCWs.</td>
</tr>
<tr>
<td>□ □ □ □ □ Preliminary findings were summarized clearly and licensee questions were answered at exit meeting.</td>
</tr>
<tr>
<td>□ □ □ □ □ Rapport was built and communication occurred throughout the inspection process.</td>
</tr>
<tr>
