Instructions

How often must this form be completed?

This form is completed by the social worker and signed by the client and/or legal guardian upon receiving continued foster care services. This form is valid during the duration of placement between the ages of 18 and 21. This form needs to be signed as near to the client's 18th birthday as possible; however, cannot be signed prior to the client turning 18.

Must this agreement be signed every year?

The Voluntary Placement Services Agreement only needs to be signed one time after the client and/or legal guardian agree to continued services, at the age of 18.

What do I do if the client and/or legal guardian do not agree to the terms of this agreement?

If the client and/or legal guardian do not agree to the terms of this agreement, the client is not able to remain in his/her current placement. The social worker should consult with his/her supervisor on what the next steps will be. The social worker should initiate notification and appeal right procedures. If no hearing is filed by the effective date on the Planned Action Notice, proceed with termination of services. If an appeal is filed regarding termination, proceed with continued services until the outcome is determined.
