SAPT – block grant

- Counties are required to do a needs assessment
- How to get similar information from tribes?
- Could be 7.01 or another mechanism. . .

June: have a separate section for how they are working together to address the needs.
This could show a way to shine in application.

Doug to review and bring back.

Block Grant Training

Tribal treatment providers:

- Alternate location
- Focus for managers
- Audience capacity 60 people.

Send Block Grant questions to Sandra.

Letter out by 2/15/08 announcing training.

Doug recommends that DASA provide an education to what Government to Government activities are funded.

- Centennial Accord
- 7.01 policy
- Communication/Consultation Protocol

EBP issue, training issues, forms submission

Reporting:

- DASA wants quarterly
- Tribe request annually

Doug Porter advised CMS that because it is their business practice with everyone else, they do not have to require that from Tribes.

Least amount of this is the requirement.

Need to follow up with the sell to Doug & I about the new report replacing Target and M2-M4.

Bring sheet of NOMS from notebook under prevention.

Kauffman and Associates is the new Native American Center for Excellence.
