

Deborah A. Sosa

Role

The Native Health Program Manager is the primary point of contact for AI/AN issues for Health and Recovery Services Administration (HRSA). Responsibilities include coordination within and outside of the administration and supporting the goals of HRSA by working collaboratively with tribal administrations, providers and AI/AN clients. I do this by defining clear policy and procedures to increase access to all HRSA programs for AI/AN and to assist tribal leadership in connecting to resources in order to address the health disparities in Indian Country. Areas of expertise are Federal and State Medicaid rules, state MMIS and Provider One billing system.
