(b) Set-up help/arrangements only if on some occasions you did your own set-up/arrangement and at other times you received help from another person;

(c) Limited assistance if on some occasions you did not need any assistance but at other times in the last thirty days you required some assistance;

(d) Extensive assistance if you were involved in performing the activity, but required cueing/supervision or partial assistance at all times;

(c) One-person physical assist provided;

(d) Two- or more person physical assist provided; or

(e) Activity did not occur during entire seven-day period.

"You/your" means the client.

AMENDATORY SECTION (Amending WSR 14-04-097, filed 2/4/14, effective 3/7/14)

WAC 388-106-0130 How does the department determine the number of hours I may receive for in-home care? (1) The department assigns a base number of hours to each classification group as described in WAC 388-106-0125.

(2) The department will adjust base hours to account for informal supports, shared benefit, and age appropriate functioning (as those terms are defined in WAC 388-106-0010), and other paid services that meet some of an individual's need for personal care services(~~(, including adult day health, as follows))~~):

(a) The CARE tool determines the adjustment for (~~(status and assistance available of))~~) informal supports, shared benefit, and age appropriate functioning. A numeric value is assigned to the status and/or assistance available coding for ADLs and IADLs based on the table below. The base hours assigned to each classification group are adjusted by the numeric value in subsection (b) below.

Meds	Status	Assistance Available	Numeric Value	
Medication Management The rules to the right apply for all Self Performance codes except independent which is not counted as a qualifying ADL	Unmet	N/A	1	
	Met	N/A	0

Key: > means greater than; < means less than

(b) To determine the amount adjusted for informal support, shared benefit and/or age appropriate functioning, the numeric values are totaled and divided by the number of qualifying ADLs and IADLs needs. The result is value A. Value A is then subtracted from one. This is value B. Value B is divided by three. This is value C. Value A and Value C are summed. This is value D. Value D is multiplied by the "base hours" assigned to your classification group and the result is the number of adjusted in-home hours. Values are rounded to the nearest hundredths (e.g., .862 is rounded to .86).

(3) Effective July 1, 2012, after adjustments are made to your base hours, as described in subsection (2), the department may add on hours based on off-site laundry, living more than forty-five minutes from essential services, and wood supply, as follows:

(4) In the case of New Freedom consumer directed services (NFCDS), the department determines the monthly budget available as described in WAC 388-106-1445.

(5) The result of ~~((actions))~~ adjustments under subsections (2) and (3) is the maximum number of hours that can be used to develop your plan of care. The department must take into account cost effectiveness, client health and safety, and program limits in determining how hours can be used to address your identified needs. In the case of New Freedom consumer directed services (NFCDS), a New Freedom spending plan (NFSP) is developed in place of a plan of care.

(6) ~~((You and your case manager will work to determine what services you choose to receive))~~ If you are eligible((.The)), your hours may be used to authorize the following services:

(a) Personal care services from a home care agency provider and/or an individual provider.

(b) Home delivered meals (i.e. a half hour from the available hours for each meal authorized) per WAC 388-106-0805.

(c) Adult day care (i.e. a half hour from the available hours for each hour of day care authorized) per WAC 388-106-0805.

(d) A home health aide (i.e., one hour from the available hours for each hour of home health aide authorized) per WAC 388-106-0300.

(e) A private duty nurse (PDN) if you are eligible per WAC 388-106-1010 or 182-551-3000 (i.e. one hour from the available hours for each hour of PDN authorized).

(f) The purchase of New Freedom consumer directed services (NFCDS).

(7) If you are a child applying for personal care services:

(a) The department presumes that children have legally responsible parents or other responsible adults who provide informal support for the child's ADLs, IADLs and other needs. The department will not provide services or supports that are within the range of activities that a legally responsible parent or other responsible adult would ordinarily perform on behalf of a child of the same age who does not have a disability or chronic illness.

(b) The department will complete a CARE assessment and use the developmental milestones tables below when assessing your ability to perform personal care tasks.

(c) Your status will be coded as age appropriate for ADLs when your self performance is at a level expected for persons in your assessed age range, as indicated by the developmental milestones table in subpart (e), unless the circumstances in subpart (d) below apply.

(d) The department will code status as other than age appropriate for an ADL, despite your self performance falling within the developmental age range for the ADL on the developmental milestones table in subpart (e) below, if the department determines during your assessment that your level of functioning is related to your disability and not primarily due to your age and the frequency and/or the duration of assistance required for a personal care task is not typical for a person of your age.

(f) For IADLs, the department presumes that children typically have legally responsible parents or other responsible adults to assist with IADLs. Status will be coded as "child under (age)" the age indicated by the developmental milestones table for IADLs in subpart (h) unless the circumstances in subpart (g) below apply. (For example, a sixteen year old child coded as supervision in self-performance for telephone would be coded "child under eighteen.")

(g) If the department determines during your assessment that the frequency and/or the duration of assistance required is not typical for a person of your age due to your disability or your level of functioning, the department will code status as other than described in subpart (h) for an IADL.

(h)

(i) The department presumes that children have legally responsible parents or other responsible adults who provide support for comprehension, decision-making, memory and continence issues. These items will be coded as indicated by the additional developmental milestones table in subpart (k) unless the circumstances in subpart (j) below apply.

(j) If the department determines during your assessment that due to your disability, the support you are provided for comprehension, decision making, memory and continence issues is substantially greater than is typical for a person of your age, the department will code status as other than described in subpart (k) below.

(8) If you are a child applying for personal care services and your status for ADLs and IADLs is not coded per the developmental age range indicated on the milestones tables under subsection (7), the department will assess for any informal supports or shared benefit available to assist you with each ADL and IADL. The department will presume that children have legally responsible parents or other responsible adults who provide informal support to them.

(a) The department will code status for an ADL or IADL as met if your assessment shows that your need for assistance with a personal care task is fully met by informal supports.

(b) ~~((The department will presume that you have informal supports, defined in WAC 388-106-0130, available to assist you with your~~

~~ADLs and IADLs over three-fourths but not all of the time. This presumption may be rebutted if you provide specific information during your assessment to indicate why you do not have support available three-fourths or more of the time to assist you with a particular ADL or IADL.~~

~~(e))~~ Informal supports for school-age children include supports actually available through a school district, regardless of whether you take advantage of those available supports.

~~((d))~~ (c) When you are living with your legally responsible parent(s), the department will ~~((take into account their legal obligation to care for you when determining the availability of informal supports))~~ presume that you have informal supports available to assist you with your ADL and IADLs over three-fourths but not all the time. Legally responsible parents include natural parents, step parents, and adoptive parents. Generally, a legally responsible parent will not be considered unavailable to meet your personal care needs simply due to other obligations such as work or additional children because such obligations do not decrease the parent's legal responsibility to care for you regardless of your disabilities. However, the department will consider factors that cannot reasonably be avoided and which prevent a legally responsible parent from providing for your personal care needs when determining the amount of informal support available to you. You may rebut the department's presumption by providing specific information during your assessment to indicate why you do not have informal supports available at least three-fourths of time to assist you with a particular ADL or IADL.
