

Here at ANEW and The Youth Exploration Program (**YEP**), we understand that in the era of “COVID-19,” programing for your Virtual Students can be overwhelming and tedious. **YEP** is offering our Virtual Introduction to The Construction Trades 2021 starting January 13, 2021. These classes are between 1 to 2 hours, depending on the topic. With these virtual classes, we will introduce your students to the following concepts:

- **Introduction to The Trades**
- **Safety on The Job Site**
- **Self-Advocacy**
- **Informational Interviews**
- **Emotional Intelligence**

You may have your students enroll in 1 or all 5 classes free of charge. If you have a class that is over 10 students, we will be happy to set up a private training for your class. If not, we will have students joining us from all over Washington State. This gives your student a chance to meet with and discuss matters/concerns with a diverse group of peers.

This is **not a “Paid Program”**, but it helps prepare your students for the **“Paid Work-Based Summer Camp” in 2021**. The “Paid Work-Based Summer Camp” is a program that your students (if still enrolled in school) will be paid minimum wage for their 40 hours of work/participation.

Remember your student must have either an **IEP or a 504 plan** to be eligible for these classes. You will also need to work with your DVR Consultant to get your students’ **Pre-ETS forms completed, signed, and submitted**. We look forward to you and your students joining us next year.

And if you have any questions or concerns, please contact:
