Either bonus may be invoiced and paid after the Customer has completed their first full day of competitive, integrated employment. CRPs are eligible for both bonuses if the Customer lives in a rural area and they obtain employment in a rural area. Report should contain the address of Customer’s residence and or/location of job for verification purposes.

How to determine if Customer’s residence or location of job is rural:

- Tool for determining Rural Area: <https://data.hrsa.gov/maps/map-tool/>
On left hand side select “Rural Health Areas and Other Boundaries” then select “Rural Health Areas.” A pop-up titled “Add to Map” will appear – select any label to proceed. Next type the full address into the search box in the upper right-hand corner of the map. If the address falls in a darker green area, it is rural. If it is lighter yellow green, it is metro and is not considered Rural.
- VRC will verify with the same tool that the Customer’s address and/or the address of their employment site is in a verified rural area prior to paying the bonus.
