CRPs are eligible for both bonuses if the Customer lives in a rural area and they obtain employment in a rural area. The report should contain the address of the Customer's residence and/or location of job for verification purposes.

##### How to determine if Customer's residence or location of job is rural:

- Tool for determining Rural Area: <https://www.ruralhealthinfo.org/am-i-rural#>  
Type in the full address including zip code. If you are unable to find the address, you may drop a pin where you believe the exact location is. Click "run report." DVR is using the Federal Office of Rural Health Policy defined rural areas, which is the third option under "Common Rural Definitions." If it says it is "in a county that has been designated by FORHP as rural" then the location is considered rural.
- VRC will verify with the same tool that the Customer's address and/or the address of their employment site is in a verified rural area prior to paying the bonus. The VRC may save the PDF to the Customer's file.
