

DSHS HIPAA Covered Programs

As a covered entity, DSHS must notify affected clients of Health Information Portability and Accountability Act (HIPAA) [privacy rights](#). (45 CFR 164.520). DSHS is a “hybrid covered entity,” meaning that some DSHS client programs are covered by HIPAA, but others are not. Only the client programs listed as Health Care Components (HCC) below are covered by HIPAA. Programs listed as Non Health Care Components (Non HCC) are not covered by HIPAA but are still subject to other state and federal confidentiality requirements.
