### Supporting Documentation:

- **For Amount Reimbursed to Other**:
  - A: Copy of invoice or statement with breakdown of class components and cost of each component.
  - (e.g., workbooks, supplies, registration fees)

- **For Amount Reimbursed Online per Student**:
  - A: The nursing facility must provide proof of their approved curriculum change from the Department of Health in order to incorporate the online training module and receive reimbursement.
  - B: The nursing facility must provide proof of purchase for the online training program; proof includes the invoice which notes that the student login credential or that the monthly subscription was purchased along with payment verification (this can be a check or the credit card statement showing the purchase was made).
  - C: A copy of the certification that the students receive upon program completion must be submitted with the quarterly reimbursement packet.
  - D: The facility requesting reimbursement must verify that the student has not completed the program at another facility as the first facility receives the reimbursement.

- **For Amount Reimbursed to Student**:
  - A: Copy of invoice or statement for class.
  - B: Copy of payment method (e.g., check copy, credit card statement, student pay stub)
  - C: If reimbursement is part of a reimbursement repayment plan, the facility must provide a copy of the repayment plan contract provided to the student and specify which payment this reimbursement is covering.
The nursing facility will be reimbursed for the use of the online training module in one of two ways:

1) **Subscription with WHCA:** The Office of Rates Management will reimburse the WHCA member monthly fee of $1,250 each quarter in addition to the one-time fee for the training subscription. The subscription must be utilized through the training program; this means that the facility cannot be sanctioned, must have the credentials to train students in house in the hybrid format, and the facility must utilize the number of student login credentials provided through the program in order to qualify for reimbursement.

2) **Per Student Basis:** The Office of Rates Management will reimburse the cost per student each quarter upon certification completion. The cost of the student login credential is required to be listed on the quarterly reimbursement where the student completed their class hours.

### Online Class Invoice:

**NURSING ASSISTANT CERTIFICATION SUPPLIES INFORMATION**

DSHS 06-123 (REV. 01/2020)
NURSING ASSISTANT CERTIFICATION (NAC) TRAINING AND TESTING HELP SHEET

NAC forms will not be accepted if:
- You are not using up-to-date NAC forms. The current forms are available at the Rates Management website: https://www.dshs.wa.gov/altsa/management-services-division/nursing-assistant-certified-reimbursement-forms
- You do not have a contact person listed with current phone, fax, and email information.
- NAC forms are not submitted by the due date for the quarter. Forms must be postmarked by the due date, which is always the last day of the month following the end of the quarter. No late packets will be accepted. You may turn in your packet early, however all packets are reviewed and processed for payment together after each due date.

Due dates are as follows:

- **Quarter 1** (January 1st – March 31st): Due by April 30th
- **Quarter 2** (April 1st – June 30th): Due by July 31st
- **Quarter 3** (July 1st – September 30th): Due by October 31st
- **Quarter 4** (October 1st – December 31st): Due by January 31st (the following year)

General information

- The deadline for requesting NAC reimbursement is 30 days after the last date of the quarter. Forms must be postmarked and in the mail by the last day of the month following the end of the quarter. We will not accept or process packets postmarked after the due date for the expenses claimed. If expenses for a previous quarter are found in a current quarter’s packet, they will be disallowed.
- Please submit one request packet per quarter with all costs pertaining to that quarter.
- If a class went over into the next quarter by a week or two, you must include it in the quarter in which it ended.
- Listing the facility’s full-time instructors as Outside CPR & First Aid expenses is incorrect; this should be listed under Direct Care Costs in the instructor section.
- All students listed must have a social security number.
- If listing “Other” as a reason for not completing the class, you must explain the reason.
- Use the DSHS NAC Supplies Form. Please itemize all expenses and fill out the invoice section of the form for each invoice.
- If the forms are incomplete, an email will be sent to the facility requesting documents etc. If no response is received from the facility within a week, the request will not be processed for reimbursement. Please make sure your contact information is updated and correct; especially your email address, as this is our main form of contact for questions.
- You must write the name of the student(s) on the copy of the check submitted for proof of payment.
- When a student is trained at an outside facility, proof of payment for student testing and a detailed invoice, including cost breakdown, is required.
- Proof of payment and proof of purchase required for reimbursement.
- Proof of employment required for facility employed training instructors.
Common unallowable/restricted expenses

- For instructors, only 150 hours TOTAL for all teachers and helpers are allowed per class.
- For instructors, payroll taxes are limited to 7.85% of each person’s total hourly pay for the class (.0785 if multiplying times pay). We will disallow any amount claimed over 7.85%
- Department of Health expenses (including nursing license application fees) are non-allowable expenses.
- Utility bills are non-allowable expenses.
- Graduation gifts, awards, and celebrations are non-allowable expenses.
- Supply expenses from your facility’s stock supplies are non-allowable expenses.
- Train the trainer is a non-allowable expense through this program.
- Holiday and Overtime pay are non-allowable expenses through this program.
- Supplies are only allowable for the number of students taught that quarter. For example, if you buy 10 books but only had 6 students, you can only claim 6 books for that quarter. You may mark on the receipt/bill that you used 6 for that quarter and then use the same receipt/bill for a subsequent quarter to claim the remaining 4 books (as long as you had 4 or more students that subsequent quarter). You may do this until all items have been claimed.

Proof of Payment

Acceptable documents or data for proof of payment are:

- Copy of a check
- Credit card statements
- Cash receipts

Proof of Purchase

Acceptable documents as proof of purchase are:

- Billing invoices
- Packing slips
- Purchase orders
- Receipts

Proof of Employment for Instructors

Acceptable documents as proof of employment for instructors are:

- The facility’s time sheet with the instructor’s and facility’s name on it showing both hours and wage rate.
- Copy of the instructor’s pay stub(s)

Documentation you do not need to submit

- Copies of NAC, DOH applications (NNAAP Examination)
- Certificates of class completion
- Class rosters
- Class schedules, synopsis, or itineraries
- Affidavits of employment
NAC FAQ’S
(Nursing Assistant Training Program Frequently Asked Questions)

Summary
Here are the questions answered in this document:

- How can NAC students get reimbursed for their training and testing costs?
- Are nursing facilities required by law to reimburse their employees for NAC training and testing costs?
- How should a nursing facility go about obtaining reimbursement for student testing?
- Do nursing facilities have to pay employees in a lump sum all at once?
- If paying employees quarterly, what do nursing facilities need to submit to the State for reimbursement?

Questions and Answers

Q: How can NAC students get reimbursed for their training and testing costs?
A: The NAC reimbursement program the State runs only reimburses nursing facilities. Students must contact the nursing facilities in their area to find out which offer reimbursement and how they make their payments. Some do a lump sum payment, but most pay quarterly over a year. All facilities with a Medicaid contract must offer reimbursement to NAC students, provided that the nursing facility is the first one the student works at within a year of completing their training and their training wasn’t paid for with a scholarship or some other form of public funding. For a current list of facilities with a Medicaid contract, see the bottom of our webpage at the link below and look for the “2018 Medicaid percentage used to calculate reimbursement” Excel document.

Q: Are nursing facilities required by law to reimburse their employees for NAC training and testing costs?
A: Yes. All nursing facilities with a Medicaid contract are required by Federal law to provide 100% reimbursement for NAC training and testing costs to their employees, provided they meet the requirements. As part of the Omnibus Budget Reconciliation Act (OBRA) of 1987, Medicare and Medicaid regulations’ were amended to require the certification of nursing assistants employed by Medicare and Medicaid participating facilities.

The Code of Federal Regulations provides the following direction regarding the obligation and responsibilities for payment or reimbursement to Nurse Aides (NA) for Nursing Assistant Training and Competency Evaluation Program (NATCEP) training course work at 42 CFR §483.158(b)

(b) FFP is available for State expenditures associated with nurse aide training and competency evaluation programs and competency evaluation programs only for:

1. Nurse aides employed by the facility.
2. Nurse aides who have an offer of employment from a facility.
3. Nurse aides who become employed by a facility not later than 12 months after completing a nurse aide training and competency evaluation program or competency evaluation program; or
4. Nurse aides who receive an offer of employment from a facility not later than 12 months after completing a nurse aid training and competency evaluation program or competency evaluation program.

Nursing facilities are not allowed to enter into a contract with the student to continue employment with the facility providing the training.

Q: How should a nursing facility go about obtaining reimbursement for student testing?
A: There are two ways nursing facilities can obtain reimbursement for student testing:

1. They can either pay for the student’s test and then submit for reimbursement through the state
2. Or, they can have the student pay for the test and then reimburse the student for all costs upon certification and then request reimbursement from the state.

A nursing facility cannot request reimbursement through the state before they pay for testing. We only reimburse upon certification.

Q: Do nursing facilities have to pay employees in a lump sum all at once?
A: No. They can pay in a lump sum, but they can also spread out the payments over a year as long as you pay at least quarterly. Also, if paying quarterly they wouldn’t have to pay the remaining amount(s) if the employee left their employment before the year was up. Conversely, employees do not have to pay the facility back if they leave before the year is up.

Q: If paying employees quarterly, what do nursing facilities need to submit to the State for reimbursement?
A: Nursing facilities must submit documentation from the employee showing the total cost, with a complete breakdown of charges, when you fill out the reimbursement request for the first payment. The nursing facility must also provide a copy of the check or payroll statement showing how much they paid the student during the current quarter. For all remaining payments, in addition to the copy of the check or payroll statement, the nursing facility must provide a copy of the repayment plan contract provided to the student and specify which payment this reimbursement is covering. Non-reimbursable items include, but are not limited to, drug tests, background checks, and licensing fees paid to the Department of Health. These are not eligible for reimbursement through the NAC program, and if they are included in the packet, they will be disallowed and removed.

Q: What supporting documentation is required to receive reimbursement?
A: For All Instructors:
- Payroll report or paystub identifying instructor, clearly showing name, SSN, and hourly wage.

For Outside CPR & First Aid:
- Proof of payment, (e.g., copy of check, cash receipt).
- Copy of invoice or statement.

For Amount Reimbursed to Other and Amount Paid for Testing:
- Copy of invoice or statement with breakdown of class components and cost of each component. (e.g., workbooks, supplies, registration fees).
- Copy of payment method (e.g., check copy, credit card statement, cash receipt).

For Amount Reimbursed Online per Student:
- The nursing facility must provide proof of their approved curriculum change from the Department of Health in order to incorporate the online training module and receive reimbursement.
- The nursing facility must provide proof of purchase for the online training program; proof includes the invoice which notes that the student login credential or that the monthly subscription was purchased along with payment verification (this can be a check or the credit card statement showing the purchase was made).
- A copy of the certification that the students receive upon program completion must be submitted with the quarterly reimbursement packet.
- The facility requesting reimbursement must verify that the student has not completed the program at another facility as the first facility receives the reimbursement.

For Amount Reimbursed to Student:
- Copy of invoice or statement for class.
- Copy of payment method (e.g., check copy, credit card statement, student pay stub).
If reimbursement is part of a reimbursement repayment plan, the facility must provide a copy of the repayment plan contract provided to the student and specify which payment this reimbursement is covering.
