RE: NOTIFICATION OF AGE TEN (10) ELIGIBILITY EXPIRATION

Your child is currently a client with the Developmental Disabilities Administration (DDA). Your child's eligibility with DDA expires on his/her tenth birthday. In order for your child to remain eligible for DDA, you must reapply before your child turns ten. Your child must be re-determined eligible under one of the following conditions:

Intellectual Disability, Cerebral Palsy, Epilepsy, Autism, Another Neurological or Other Condition similar to Intellectual Disability.

We have attached the *Required Documentation Table* to let you know what is needed to make this re-determination.

How do I reapply?

Contact DDA Intake and Eligibility staff at least 90 days prior to your child's tenth birthday to request a re-application packet. You can do this in writing or by calling the telephone number listed below. An application packet will be mailed to you. You may also obtain application documents online by visiting <https://www.dshs.wa.gov/dda/consumers-and-families/eligibility>.

What if I do not reapply?

If you do not request a re-application packet or if you do not return the application at least 60 days prior to our child's tenth birthday, your child's eligibility with DDA will expire on his/her tenth birthday. If your child receives a paid service with DDA, this service will end on his/her tenth birthday.

Expiration of DDA eligibility will not affect participation in Special Education programs or SSI eligibility, nor will it affect any other DSHS service you may be receiving, such as Medicaid, TANF, or food stamps.

Please respond as soon as possible, but at least 90 days prior to your child's tenth birthday. If we do not hear from you, we will assume you do not want to continue your child's eligibility with DDA. Without the proper documentation of an eligible condition by age 10, your child's DDA eligibility and DDA services will expire on his/her tenth (10th) birthday.

If you have questions or wish to request a packet, please contact:
