Duration:		
Contractor Review of Medical Evidence		
Instructions: Review the attached medical evidence and answer the following questions regarding the information recorded		
in the Disability / Incapacity Determination section of the Review of Medical Evidence referral.		
1. Are the diagnoses supported by available objective medical evidence? Yes No Partially. If no or partially, provide rationale:		
2. Are the coverity and functional limitations supported by available objective modical avidance?		
2. Are the severity and functional limitations supported by available objective medical evidence? Yes No Partially		
If no or partially, list specific adjustment(s) to the functional limitation table and provide rationale:		
3. Based on available medical evidence, is the individual primarily impaired due to substance use? Yes No		
Rationale:		
4. If primarily impaired due to substance use, would the impairment be expected to persist following 60 days of sobriety?		
☐ Yes ☐ No Rationale:		
1		

5.	5. Duration is the number of months the impairment is expected to persist with available medical treatment.	
	Is the duration consistent with available medical evidence? No If no, what duration is supported by the overall medical evidence? Months. Rationale:	
6.	The onset date is the date the impairment began to have a significant impact on one or more basic work activities, not the date the condition or symptoms began. The onset date must be supported by objective medical evidence and available documentation.	
	Is the onset date supported by available medical evidence? Yes No If no, what onset date is supported by available medical evidence? Date: Rationale:
