Authorized Representative

An authorized representative is a person appointed by an individual to make decisions on their behalf. This role is often used in situations where an individual is unable to make decisions for themselves, such as in cases of illness or incapacity. The representative has the authority to act on behalf of the individual, including making medical decisions, managing financial affairs, and making other important decisions.

The document contains a form with various sections and fields that need to be filled out by the representative. The form is divided into sections, each with specific instructions and options to be selected.

The form includes:
- **Name**
- **Annuity Payer**
- **Description of Annuity**
- **Authorization Type**
- **DSHS 14-012**, **HIV/AIDS**, **STD**
- **Instructions**
- **Rep Type – ACES does not limit the Rep Type selections to the codes listed above. If a program requires a Rep Type not listed above or if one of the above codes is selected but is not appropriate for the situation (such as for a group home, protective payee, etc.) enter the appropriate program specific Rep Type on the AREP screen.**

The form is designed to be filled out by a representative to provide detailed information about the individual they are representing and the specific circumstances under which they are acting on their behalf.
